office portfolio

The **Slick** Chair is a basic ergonomic office chair designed to provide a comfortable, relaxing day at the office using an upholstered fabric seat and mesh back.

The **Slick** Chair reclines on a simple mechanism capable of seat tilt adjustment, multi position back tilt locking and seat height control. The elegant design focuses on clean lines, ergonomics, high quality standards and a strong aesthetic appeal. Perfect for the office and home office fit-outs.

The **Slick** Chair is available using gas height adjustment and glass filled nylon base, and sits on a 3 way ergonomic chair mechanism.
