

broc  
2013 luna matta picpoul

**WINEMAKER'S NOTES:** From the limestone-rich, nutrient poor windswept Luna Matta Vineyard in the western hills of Paso Robles, our late-ripening taut and concentrated Picpoul is a dramatic deference from your usual. Here, we present the unadulterated version, owing its expressive complexion not to a particularly noble grape variety, but a uniquely suited place just hospitable enough for most of the vines to survive and produce a few handfuls of grapes each year. Its typical Picpoul lemon acidity is buried under a spectrum of floral-lifted fruit. Fermented entirely in concrete egg.

**VITICULTURAL AREA:** 100% certified organic Picpoul/Luna Matta Vyd/Paso Robles

**WINERY:** All Broc Cellars wines are natural wines, meaning no inoculated yeast or bacteria. We do not add any powdered tannins or enzymes. A minimal dose of SO<sub>2</sub> is added 4 weeks before bottling unfinned with light filtration.

**VARIETAL BLEND:** 100% Picpoul

**ANALYSIS:** 12% alcohol

**TOTAL PRODUCTION:** 68 cases
