WINEMAKER'S NOTES:

The fruit was destemmed, then pressed into stainless steel. All 3 varietals fermented together just over 30 days. This is our first time putting wine in a can - we are excited to offer this new more portable drinking experience with you! Watermelon, lemon and grapefruit flavors come alive from this vintage. Spice comes from the Zinfandel, acidity from the Valdiguié and texture from the Trousseau.

VITICULTURAL AREA:

Suisun Valley is located just east of Napa Valley. Both the Solano and Wirth Vineyard vines grow on sandy loam. Arrowhead Mountain Vineyard grows on volcanic rock.

We started making our Love Wines because we want to provide a more affordable everyday drinking wine to a larger market while still espousing the key tenets we believe in --- minimal intervention and sustainable farming. The Love wines are larger production blends by design. We still use only native yeasts and bacteria for fermentation with no additives or adjuncts, but we do choose to use trace amounts of SO2 at bottling. Each of the Love blends contain grapes from vineyards with varying degrees of intervention and the vineyards and blends can change with each vintage.
