

2023 SPARKLING VALDIGUIÉ

THE STORY: We're back with one of our most sought-after sparklers. We haven't released a Sparkling Valdiguié since 2020 so when the opportunity to bring in extra Valdiguié from Mendocino presented itself, we took it. The Valdiguié saw a gentle footstomp after it was brought in and directly pressed into stainless steel pressurized tanks to capture the bubbles naturally from fermentation. The finished wine is a beautiful and eye-catching ruby pink that shines in the glass and on the palate with refreshingly soft bubbles. Hand bottled and labeled. Unfiltered.

VARIETIES: 100% Valdiguié

Brocc seeks to bring out the natural expression of the grape in our winemaking. We use organically grown grapes and harvest early for healthier grapes that retain acidity. This often results in lower alcohol wines and lower Brix (sugar content) at harvest, which allows for easier fermentations. All Brocc wines are made using spontaneous fermentation, which means only native yeasts and bacteria that exist on the grapes are used to make the wine. We add little to no sulphur at bottling depending on the year, wine and style.
