### **team / organization fundraiser**

1. The school / organization begins by downloading and signing the confirmation agreement.
  2. Samples of the dip/dessert/slushy mixes are at a cost of \$3.00 per pack.\*
  3. When the fundraiser begins, the school / organization passes out a fundraiser sales sheets to each participant and a sample pack if so desired. We will send the sales sheets to you.
  4. A sample dip can be prepared and taken to work by the participant's parents, or to any group setting. It is best to serve it with pretzel dipping sticks.
  5. The participant takes orders and payment by either cash or check. The retail price is \$6.00 each per pack or \$20 for a four pack combo.
  6. When the fundraiser is over, the participant turns in the fundraiser sales sheets with the total amount of cash and checks
  7. The school / organization will contact us to let us know they are done and request an Excel sheet for totaling purposes, total the quantity sold for each flavor, and place the order by website or mail.
  8. The school / organization will pay by credit card via our website (we can not run your card over the phone) or mail a business check for the amount due (can pay with cash if picking up the order). The cost will be \$3 per pack and \$10 for combo packs.
  9. The order will be shipped in 2-3 weeks as all of our mixes are handcrafted to order. Free shipping on all fundraisers of \$100 or more.
  10. When the school / organization receives the order, each participant must collect the packs he / she sold, and deliver them to the purchaser.
- \* Purchasing a sample dip pack for each participant is optional, but it is highly recommend as our dip mixes sell themselves when sampled and will increase the success of your fundraiser! Samples of the dip mixes are a great way to promote your fundraiser but orders can be taken without sampling.**
