Caro Stool

Technical Specifications

Technical Specifications

Caro Stool

The Caro Stool is a hand-carved teak wood piece that plays with sharp and unexpected geometries. It balances on the line between a practical surface and a sculptural focal point to the room it sits in. Inspired by the Japanese philosophy of wabi-sabi, each stool varies slightly depending on the markings of the wood and the artistic touch of its maker. Pair Caro with its counterparts Lilu, Mateo and Thierry for a bold statement.

Ref. /Sku

ST-CARO

DIMENSIONS

W 38 X D 38 X H 40 CM

Weight: 20 kg

Disclaimer

Each one of our pieces is handmade to order in our workshops in Indonesia by highly skilled craftspeople. We always celebrate the natural variations inherent in the materials we use. They should not be considered flaws, but the very characteristics that define our work.
