

EXPERIENCE SERIES™
880 Line

EFX® 883

Elliptical Fitness Crosstrainer™

Like every piece of equipment in our Experience Series™ 880 Line, the EFX® 883 combines essential reliability and ease-of-use with a natural, low-impact stride to add value to your facility. With the unique Precor adjustable CrossRamp® technology and fixed arms, exercisers can alter the path of the EFX 883 between 13 and 40 degrees in both forward and reverse stride motions, cross training various muscle groups to offer a wider range of workouts focused on the lower body.

The clean and proven design of the touch screen console makes it easy for exercisers, whether new to Precor or familiar, to locate controls, inputs and adjustments. The user interface delivers the modern-day touch screen responsiveness to swipes and selections as exercisers enjoy an alluring workout experience.

At Precor, we recognize that a great workout is the sum of many parts. In your hands, the products, services and technologies we offer can be combined in countless ways to complement the programs, and atmosphere you're creating.

EFX[®] 883

Elliptical Fitness Crosstrainer™

EXPERIENCE SERIES™
880 Line

PRODUCT HIGHLIGHTS

- 1 Fixed Handlebars**
Fixed handlebars allow users to focus on lower body workouts.
- 2 Console**
The 880 line console not only offers a brilliant 15" screen that's ergonomically positioned to deliver crystal clear entertainment viewing for exercisers in motion, but when networked is also a direct-to-exerciser communication portal allowing you an opportunity to build your brand, share information about activities and services, and strengthen the sense of community within your facility.
- 3 CrossRamp[®] Technology**
Users can isolate or crosstrain lower body muscle groups simply by adjusting the angle of the ramp, making it easy for users to focus on their individual fitness goals.
- 4 Biomechanics**
Our patented elliptical path perfectly mimics a natural running stride, allowing users to keep their heels down for a more comfortable, effective and ergonomically correct motion.

PRODUCT SPECIFICATIONS
