

GIGANTICbag

Packaging & Industrial Collection

Gigantic Bag Packaging & Industrial collections offer a wide variety of industrial grade polyethylene products for packaging and industrial applications. We have listed the most common items on our shelves, and there is a wide variety of material and sizes that we manufacture in our Summit, Mississippi factory for you with quick turnarounds.

POLYETHYLENE ROLLSTOCK & SHRINK BUNDLING FILM

Polyethylene shrink bundling film is used for heavy-duty packaging applications like cases of water bottles and carbonated beverages.

GUSSETED POLY BAGS

Gusset bags are often used in food packaging, as well as hardware items, crafts, gardening, to line or cover bulky, square containers and much more. A gusset can increase the amount of volume available with a bag.

WICKETED POLY BAGS

Wicketed bags are used for a range of products including food products, textiles, pharmaceuticals, hardware and medical supply. Wicket bags offer high clarity to showcase your product.

LAYFLAT BAGS

Use inside a box or envelope as protection during shipping or use directly from production to shelf.

BIN LINERS, PALLET, RACK COVERS & GAYLORD LINERS

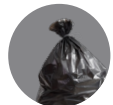

Gigantic liners and covers are great for use as container liners or covers for equipment and pallets. Provide protection from dirt, dust and moisture. Ideal for outside storage.

FURNITURE COVERS

Extra large bags keep furniture and equipment clean, free of dust and dirt.

CAN LINERS

Heavy duty trash bags designed for a perfect fit. There's no messy overhang or bunching – and they won't slip. Perfect for commercial settings, contractor clean-ups and more.
