

Base and Top Gel Polish

Outshine and outlast the rest with our best-selling Base and Top Gel Polishes. This 100% pure gel formula provides 2+ weeks of high shine and chip-free wear, while promoting natural nail growth to all types of overlays and nail enhancements.

Experience no-air dry time as all our Base and Top Gel Polishes cure in any LED/UV lamp. Compatible with most gel systems with a quick and easy soak-off removal.

Available in gel polish size (15mL/0.50 fl.oz) and bulk refill size (250mL/8.5fl.oz and 500mL/17fl.oz).

We offer six different formulas of our Base and Top Gel Polish for different uses, nail health and personal lifestyles.

Enjoy our Base and Top Gel Polish in:

- No-Sanding Base Gel Polish
- Base-1 Gel Polish
- Diamond Shine Top Gel Polish
- No-Wipe Top Gel Polish
- No-Wipe Velvet Matte Top Gel Polish

Each Base formula offers strengthening and smoothing to the natural nail. There are no primers, bonders or heavy sanding of the natural nails required.

Each Top formula offers a scratch resistance and glossy or matte finish, with no discolouration or staining over time.

GUIDE TO CHOOSING THE RIGHT BASE AND TOP GEL

Learn how to choose the right Base and Top Gel for every gel application.

Overlay, Artificial Tip Extensions and Sculpted Gel Extensions

Base Gel Options:

- For shorter nail overlays and nail enhancements, we suggest using our No-Sanding Base Gel Polish for original strength or Base-1 Gel Polish for extra strength
- For longer natural nail overlays and nail enhancements, we suggest using our Base Sculpting Gel for extra strength

All our Base Gel Polishes do not require primers, bonders or heavy sanding/drilling of the natural nails.

Top Gel Options:

- For any length of nail overlays and nail enhancements, we suggest using our Diamond Shine Top Gel Polish or No-Wipe Gel Polish
- For any length of nail overlays and nail enhancements that require more strength, we suggest to use our Top Sculpting Gel

Our Diamond Shine Top Gel Polish requires a 70%+ alcohol cleanse to remove tacky inhibition layer, while our No-Wipe Top Gel Polish and No-Wipe Velvet Matte Top Gel Polish cure to the touch with no tacky inhibition layer.
