Program Notes

Let's play a game of Christmas hide-and-seek! *Diminished Minor Alterations* twists your favorite Christmas melodies into something new and inventive. By transposing the tunes from major keys to minor keys, changing styles and overlapping melodies onto one another, each carol takes on a completely new character. Alternately dramatic and funny, wistful and energetic, this medley is full of musical surprises from start to finish.

Performance Notes

Grade 3. This new addition to the wildly popular "Minor Alterations" series is scored for younger bands while retaining all the humor and excitement of the Grade 5 version. It introduces new key signatures (B^b minor, C minor, G minor) and several types of tempo transitions (ritard with and without fermata, accelerando, etc.) to prepare your young band for new challenges in the spring!
