# Organising Homework

Students who regularly study at home are more successful in tests and exams.

## Know when the homework is due to be handed in

Make sure you record in your planner when each piece of work is due to be completed

## Use all the information available

Don't forget that you can use books, newspapers, TV, DVDs, the Internet, etc.

## Choose a good environment

Try to find somewhere to do your homework where you can concentrate. Avoid distractions, but listen to music if it helps you

## Ask for help if you need it

Help is available from many people including teachers, family, friends and the school librarian

## Make sure you know what the homework is

Record your homework carefully in your planner. If you're not sure, ask the teacher who set the work
