

Make: Ford

Model: 2021+ Bronco Sport (Badlands & First Edition)

Application: Skid Plate

PACKAGE CONTENTS				TOOLS	
QTY		QTY		QTY	
1	Skid Plate				12mm Wrench/Socket
4	M8 x 40mm Flange Head Bolt				13mm Wrench/Socket
4	Round Spacer				

INSTALLATION INSTRUCTIONS

Locate and remove the (4) M8 Hex Head bolts shown above which are fastened to the factory skid plate. They will be replaced with the included longer M8 Flange Head bolts later.

1

Place the included round spacers over each mounting hole on top side of the new skid plate.

2

← **Front of vehicle**

Carefully raise the plate against the vehicle, aligning the holes with the holes on the vehicle. Ensure the spacers are properly aligned so that each new M8x40mm Flange Head bolt inserts through them and into the vehicle.

3

Completed assembly.

4

DISCLAIMER FOR RALLY INNOVATIONS PRODUCTS: Buyers assume all risk and liability whatsoever for the installation and the use of Rally Innovations products. Rally Innovations products are sold as decorative accessories and should not be relied upon as protection for the vehicle or occupants in the event of a collision or roll over. Vehicles equipped with a supplemental restraint system (air bag) deployed by impact should not be modified by any aftermarket Light Bar or Skid Guard without first consulting the vehicle manufacturer. Rally Innovations, a subsidiary of Pentech Automotive assumes no liability for injury, loss, incidental or consequential damages in the event of a collision or roll over.
