4	5/16"-18 x 1" Hex Bolt					
8	5/16" Flat Washer					
4	5/16" Split Lock Washer					
4	5/16"-18 Nut					

## INSTALLATION INSTRUCTIONS

Remove front fog light cover using a panel removal tool. Carefully begin prying from the small slot located at the corner and work your way around the edge until the entire cover is free.

1

Unfasten the splash guard beneath the fog light area by removing the factory plastic clips. (04-05 WRX shown)

2

Remove the (2) 10mm-head bolts from beneath the fog light. Slide out the fog light from the front of the bumper and unplug from the harness.

3

Assemble the new fog light on the mounting brackets. The Driver-Side bracket has the larger indent on the right-side (shown above).

4

DISCLAIMER FOR RALLY INNOVATIONS PRODUCTS: Buyers assume all risk and liability whatsoever for the installation and the use of Rally Innovations products. Rally Innovations products are sold as decorative accessories and should not be relied upon as protection for the vehicle or occupants in the event of a collision or roll over. Vehicles equipped with a supplemental restraint system (air bag) deployed by impact should not be modified by any aftermarket Light Bar or Skid Guard without first consulting the vehicle manufacturer. Rally Innovations, a subsidiary of Pentech Automotive assumes no liability for injury, loss, incidental or consequential damages in the event of a collision or roll over.

New fog light assembly, ready to install.

5

Insert (1) 5/16"-18 x 1" Hex Bolt and (1) 5/16" Flat Washer into each slot on the mounting bracket and fasten to the vehicle using (1) 5/16" Flat Washer, (1) 5/16" Lock Washer and (1) 5/16"-18 Hex Nut on the bottom side. (04-05 WRX shown)

6

Fastened on the bottom side.

7

Replace the fog light cover.

Completed assembly shown.
