

Make: Subaru

Model: 2006-2008 Forester

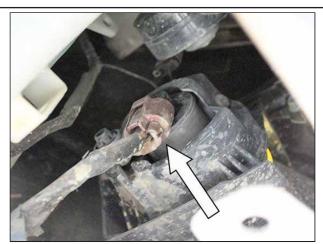

Application: Fog Light Conversion

PACKAGE CONTENTS						TOOLS
QTY		QTY	C	QTY		7/16" Socket/Wrench
2	Light Conversion Brackets (L & R)					10mm Socket/Wrench
4	1/4"-20 x 3/4" Hex Bolt					5/32" Hex Key
4	1/4" SAE Flat Washer					Panel Removal Tool
4	1/4" Split Lock Washer					
1	Wiring Adapter Kit					

INSTALLATION INSTRUCTIONS

Remove fasteners securing fog light splash guard and pull guard down and back to gain access to the area behind the fog light.

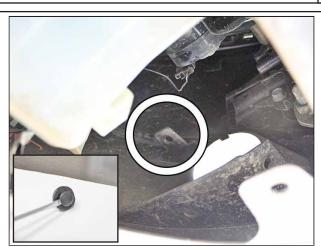

Remove factory fog light by first unplugging the connector.

2

Next remove the 10mm-head screw.

On top of the light there is a plastic fastener that attaches the light to the bumper tab shown. To remove this, use a small flat head screwdriver to release the rivet. This step has some slight difficulty but is still possible to do without complete removal of front bumper.

DISCLAIMER FOR RALLY INNOVATIONS PRODUCTS: Buyers assume all risk and liability whatsoever for the installation and the use of Rally Innovations products. Rally Innovations products are sold as decorative accessories and should not be relied upon as protection for the vehicle or occupants in the event of a collision or roll over. Vehicles equipped with a supplemental restraint system (air bag) deployed by impact should not be modified by any aftermarket Light Bar or Skid Guard without first consulting the vehicle manufacturer. Rally Innovations, a subsidiary of Pentech Automotive assumes no liability for injury, loss, incidental or consequential damages in the event of a collision or roll over.

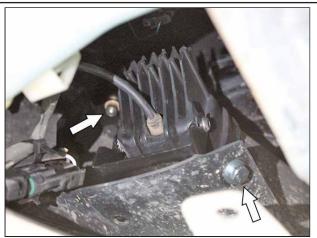

Assemble the new lights into the conversion brackets like shown. Arrow indicates mounting points for lights.

Assemble the passenger side mirrored from the driver side.

The mounting points onto the bumper are shown above. (Driver side shown).

6

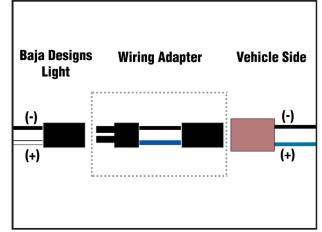

Light assembly installed in the bumper using (1) 1/4"-20 x 3/4" Hex Bolt, (1) 1/4" Split Lock Washer and (1) 1/4" SAE Flat Washer into each mounting point (shown by arrows).

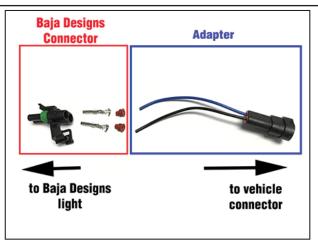

Completed assembly shown.

(Repeat steps on the passenger side.)

8

Installing Pigtail Adapter (Optional): Note the orientation of the optional pigtail adapter.

Assemble the Baja Designs light connector onto the optional pigtail adapter in the order shown above. Remember to note the polarity shown in the previous step before proceeding, you only get one shot installing the connector.
