

Is it Vocational?

Education for Workers Everywhere!

Garrett Seelinger - InCred/NAIA
Olivea Dodson - Transcript Research

Please take a moment to write down your definition of technical and vocational education

A word cloud of terms related to technical and vocational education. The words are arranged in a roughly circular pattern and vary in size and color. The colors range from light yellow to dark brown. The words include: technician, business, textiles, infrastructure, vocational, construction, administration, clerk, professional, technical, training, technology, design, tourism, catering, automobile, farming, service, baking, cosmetology, plumbing, maintenance, and calling.

technician
business textiles infrastructure
vocational construction
administration clerk professional
technical training technology
design tourism catering
automobile farming service
baking cosmetology
plumbing maintenance
calling

Controller of Examinations

Notes

1. Marks at the end of the program define the divisions as follows:
 80 % and above in the aggregate – Distinction
 65 % to less than 80 % in the aggregate – First Division
 50 % to less than 65 % in the aggregate – Second Division

2. For student to be declared pass in a subject he/she must fulfill all the criteria laid down below:
- a minimum 50% marks must be secured in the Internal Assessment and Annual Examinations in the Theory Papers and 50% marks in the Practical Examinations of each paper separately in the First Year Examination,
 - a minimum of 50% of total marks in Theory Papers (inclusive of Internal Assessment and Annual Examination) and Practical Papers (inclusive of Internal Assessment and Annual Examinations) separately in the Second Year Examination, and
 - a minimum of 50% marks must be secured in the Internal Assessment and Annual Examination in Theory Papers and Practical Papers in Third Year Examination.
3. * means the student has passed in the second attempt and ** means the student has passed in more than two attempts.
