Peggy Bell Hendrickson, Transcript Research

# Overview

## Background

Background on the Research document

## Outline

7 components of the country entries

## Use It!

Show how to use the Research document

## Favorites

Examine some awesome resources!

**“If we knew what it was we were doing, it would not be called research, would it?”**

**- Albert Einstein**

01

Background

# Brief History

Background on this publication

- From conference handout to 700+ pages
- Every 2 years → HE Authorities
- More: TAYD Resources at Your Desk; TAYD Intro to Electronic Verification; TAICEP Verification Resources; brand new TAICEP Digital Docs Resource

And now, we have this masterpiece of awesomeness! ;)

# What's the Point of this Presentation?

## Updated

Needed impetus for updating current resource information

## Combined

Combined the HE authorities resource & the others from last year

## Expanded

Brought in secondary ed, accrediting bodies, NQFs, and more!

## Crowdsource

Utilize TAICEP expertise to expand to include even more

02

outline

# Whoa!

There's so much new stuff!  
But what IS it?

# Results & Registries

## Barbados Education System

There are 68 Government primary schools, 4 special schools, 12 nursery schools and 21 secondary schools. Nursery schools admit students from 31/2 years. Most government primary schools are co-educational.

Primary education begins at age 4 and continues until age 11, when students sit the Barbados Secondary School Entrance Examination (BSSEE) and transition to secondary school. There are no school fees at public primary schools.

Secondary education is provided for children ages 11 to 18 years. At age 16, students write the Caribbean Examination Council (CXC) examinations Caribbean Secondary Entrance Certificate (CSEC) - the equivalent of GCE O-Levels. At about age 18, those students who continue at school can sit the CXC- Caribbean Advanced Proficiency Certificate (A-Level). Most Government secondary schools are co-educational. There is a small book fee at all secondary schools since text books are subsidized.

There are also several private schools. 16 at the nursery level, 27 primary, 10 secondary and 5 special. School fees are required at the private schools.

Attached is the list of all public and private schools and their contact information.

# Industry Publications & Resources

There are different kinds of institutions in the field of education: public, fiscal, and private. In addition, education can be taught in different ways: full and partial classroom learning, online, distance, and the hybrid that integrates full and partial classroom learning and/or distance.

For information in more detail, please visit the following link: [http://gaceta.ces.gov.ec/inicio.html?id\\_documento=234533#](http://gaceta.ces.gov.ec/inicio.html?id_documento=234533#)

Navigation bar with three items: Education levels, Institutions of higher education, and Access to Higher Education.

### Education levels

The education system of Ecuador is structured at educational levels. The first level corresponds to infants, the second level to General-Basic and High School education, while the third and fourth levels refer to higher education. Art. 39 of the Ley de Educación Intercultural - (LOEI) and Art. 118 of the Ley Orgánica de Educación Superior - (LOES).

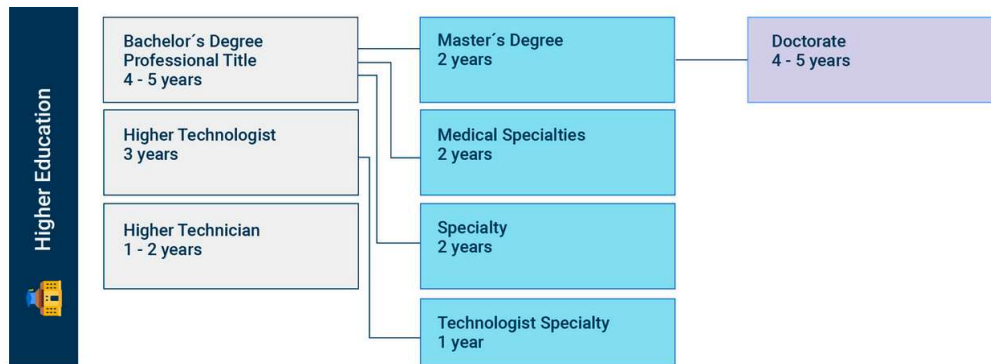

- First Level or Initial level
- Second Level of General-Basic Education and High School
- Third Technical-Vocational Level
- Forth or Post-Graduate Level

Higher Education in Ecuador is coordinated by the Consejo de Aseguramiento de la Calidad de la Educación Superior - (CACES), the Secretaría Nacional de Educación Superior, Ciencia, Tecnología e Innovación (SENESCYT), and the Consejo de Educación Superior - (CES). The Consejo de Educación Superior (CES) is the body responsible for planning, regulating, and coordinating the Higher Education System of Ecuador, and is overseen by the above mentioned bodies. The Sistema de Educación Superior (SES), higher education system is regulated by the Ley Orgánica de Educación Superior. Art. 166, 170, and 182 - (LOES).

The Ley Orgánica de Educación Superior - (LOES), Organic Law of Higher Education is the main standard that regulates the education system, and establishes the organisms and institutions that coordinate the education in Ecuador. Additionally, the LOES provides the types, categories, and levels at education as well as institutions, programs, policies, resources and actors of the process.

For information in more detail about the higher education system, please visit the following link: <https://www.ces.gov.ec/documentos/Normativa/LOES.pdf>

### Structure of the Education System of Ecuador.

## MERIC-Net

### MERIC-Net - Mediterranean Network of National Information Centres on the Recognition of Qualifications

The MERIC-Net project's objective is to **revitalise the MERIC network (Mediterranean Recognition Information Centres)** in order to favour and increase the recognition of qualifications within the Mediterranean Region, and to **raise the quality of vertical and horizontal mobility in the higher education systems** of the involved countries. The project partners intend to **improve the competencies and skills of credential evaluators defining common practices and realising common tools among European and South Mediterranean countries**, national bodies and HE institutions, starting from the experience of European higher education institutions and practices adopted by the **ENIC-NARIC centres**.

### Main project activities:

- **Revitalisation of the MERIC network (Mediterranean Recognition Information Centres)** in order to facilitate recognition and the contact between the recognition authorities in the Mediterranean and European region;
- **Online and face-to-face training for government officials from Algeria, Lebanon, Morocco and Tunisia** to provide them with knowledge on EU higher education systems, recognition practices and National Recognition Centres;
- Elaboration of **National Reports** on the education systems, official Higher Education Institutions, study programmes, qualifications and peculiarities of **Algeria, Lebanon, Morocco and Tunisia**, with the aim of facilitating the circulation of clear and complete information, which is useful both for credential evaluators and students;
- **Online and face-to-face training for university staff from Algerian, Lebanese, Moroccan and Tunisian universities** to foster their capacity in academic recognition procedures and increase the cooperation among universities;
- Elaboration of **guidelines for the evaluation of non-traditional, cross-border or trans-national education and distance learning institutions** and their qualifications in order to foster up-to-date recognition practices that can be applied even to latest and cutting-edge education methods;
- **Elaboration and practice-sharing of procedures for the recognition of refugees' qualifications;**
- Promotion and **sharing of the project final results** through two final conferences in the Mediterranean Region in 2019.

  - > Forums and Seminars

## Information Provision

NIAD-QE collects and provides useful information on quality assurance in higher education through its website, publications and forums/seminars. Those activities aim to disseminate a quality assurance culture through the higher education sector in Japan, as well as to contribute to further development of internal quality assurance activities in universities and colleges.

### Information Package

The Information Package is a comprehensive selection of basic information on quality assurance in Japanese and various nations' higher education. It contains Glossary of Quality Assurance in Japanese Higher Education, Overview of Quality Assurance System in Higher Education, NIAD-QE's evaluation and accreditation materials.

The package serves as promoting understanding of higher education and quality assurance in Japan and related countries. It can also help higher education institutions that intend to build and strengthen international activities with overseas partners to understand foreign systems.

### Glossary of Quality Assurance in Japanese Higher Education (5th edition) [2021]

NIAD-QE has published the fifth edition of the "Glossary of Quality Assurance in Japanese Higher Education." It focuses on terms relating to higher education and quality assurance system in Japan. It is a bilingual book written in English and Japanese.

The fifth edition reflects trends in the higher education and quality assurance systems; revisions to the relevant legislation, and relevant stakeholders' opinions about the glossary since we published the previous edition in 2016. It contains 179 terms (of which 22 are newly added). In addition to terms relating to internal quality assurance —which became important in the 3rd cycle of institutional certified evaluation and accreditation (since 2018)—the establishment of the Japanese official National Information Center (NIC), National Information Center for Academic Recognition Japan (NIC-Japan), within NIAD-QE in September 2019 has prompted us to add terms relating to NIC as well.

[The PDF version is available here.](#)

### Overviews of Quality Assurance System in Higher Education

"Overviews" provide information on quality assurance systems in Japan, the USA, the UK, Australia, the Netherlands, France, Korea, China and Germany. NIAD-QE also publishes Briefing Materials on these systems in Malaysia, Indonesia, Hong Kong, Taiwan, and Thailand in Japanese.

<i>Overview of the Higher Education and Quality Assurance Systems</i> <b>JAPAN</b> 2019 <a href="#">3rd edition</a>	<i>Overview of Quality Assurance System in Higher Education</i> <b>United States</b> 2016 <a href="#">2nd edition</a>	<i>Overview of the Higher Education and Quality Assurance Systems</i> <b>United Kingdom</b> 2020 <a href="#">3rd edition</a> (Japanese only)	<i>Overview of Quality Assurance System in Higher Education</i> <b>Australia</b> 2015 <a href="#">2nd edition</a>

## Chapter 1: Higher Education System

### Section 1.1.: Schematic Description of the Higher Education System

### Section 1.2: Description of Higher Education System

**Education System and agenda.** The formal education system in Laos consists of general education (Early Childhood Education: nursery( ages 0-2), kindergarten (ages 3-5), and preschool(Newly established only for ages 5s), Primary Education(ages 6-11 for 5 years), Lower Secondary Education (ages 11-15 for 4 year), Upper Secondary School (ages 15-18 for 3 years), Technical and Vocational Education and training (TVET) and Higher Education. On the other hand, non-formal education is provided mainly for adults and children who have never attended school. The system provides academic programs for those who have completed upper secondary education. Academic program offers associate degree, Bachelor's degree, Master's degree, and Doctoral degree; The Department of Higher (DHE) is responsible for managing, coordinating, and monitoring the higher education sector.

### Section 1.3: Number of Higher Education Institutions

The higher education in Laos is comprised of the following institutions:

- > National University of Laos (NUOL),
- > Champasack University (CU)
- > Souphanouong University(SU)
- > Savannakhet University (SKU)
- > University of health Sciences(administered by Ministry of Health)

10 Teachers Training Colleges and 95 private colleges; and 3 colleagues upgrade and allow being higher institutions for teaching and learning Bachelor degree

1. Rattana Institute of Business Administration

## African Continental Qualifications Framework (ACQF) mapping study reports

Download

The final country reports are available in English and Portuguese.

Angola\_ACQF country report\_publ\_FINAL\_0.pdf

Cabo Verde\_ACQF Country report\_publ\_FINAL\_0.pdf

Egypt\_ACQF Mapping Report\_FINAL.pdf

The African Union is supporting the development of a continental qualifications framework (ACQF) to enhance trade and regional qualifications frameworks and contributing to CESA 16-25 and the continental integration agenda of AfCFTA. The ACQF is in development (2019-2022), in a participative process supported by the EU, GIZ and ETF.

ACQF mapping study is Published in English, French and

Portuguese. The ACQF is a vital policy initiative of the African Union, aimed to explore the state-of-pay and perspectives of qualifications frameworks and systems. A collection of national and REC reports has emerged, useful for reference and sharing among peer institutions and stakeholders, which you can access here: Angola, Cameroon, Cape Verde, Egypt, Ethiopia, Kenya, Ivory Coast, Morocco, Mozambique, Nigeria, Senegal, South Africa, Togo, SADC, EAC, ECOWAS. For some of these countries this is the first ever specific publication on their qualifications frameworks in the international literature (Angola, Cape Verde, Cameroon, Mozambique, Senegal, Togo).

To build on a well-grounded evidence base, the ACQF process started with a continental mapping study exploring the state-of-pay and perspectives of qualifications frameworks and systems. A collection of national and REC reports has emerged, useful for reference and sharing among peer institutions and stakeholders, which you can access here: Angola, Cameroon, Cape Verde, Egypt, Ethiopia, Kenya, Ivory Coast, Morocco, Mozambique, Nigeria, Senegal, South Africa, Togo, SADC, EAC, ECOWAS. For some of these countries this is the first ever specific publication on their qualifications frameworks in the international literature (Angola, Cape Verde, Cameroon, Mozambique, Senegal, Togo).

# Peer Learning Webinars

Learn About National and Regional Qualifications Frameworks from the relevant institutions. Presentations and videos guide you into this domain. ACQF Peer Learning Webinars foster knowledge circulation, sharing of good practice and mutual trust. In 2020 the seven Peer Learning Webinars shared 22 cases - 17 National Qualifications Frameworks and 5 Regional Qualifications Frameworks. In 2021 the five Peer Learning Webinars diversify the thematic coverage and added new cases of African Qualifications Frameworks, RPL systems and experiences, Qualifications Registers, Learning Outcomes approach, Quality Assurance and Recognition in higher education, Referencing between frameworks and others.

### [ACQF 12th Peer Learning Webinar](#)

Oct 28, 2021 from **12:00 AM to 02:50 PM** — Online - Zoom,

1) African experiences and debates: (a) TVET reforms work better with an NQF: case of Mozambique (ANEP); (b) Recognition of degrees and diplomas in higher education: the experience of Cape Verde (ARES); (c) African School Curriculum Mapping Study – main findings of the survey (African Curriculum Association, JET Education Services). 2) Micro-credentials: a new opportunity for LLL and NQF – findings of new research in Europe (Cedefop). Debate.

### [ACQF 11th Peer Learning Webinar](#)

Sep 23, 2021 from **12:00 AM to 02:30 PM** — Online - Zoom,

Thematic discussion on newest developments concerning: a) Learning outcomes approach in different contexts of learning and qualifications; b) regional qualifications frameworks: objectives, referencing, levels and descriptors; c) ACQF development: towards the conceptual and technical design – levels and descriptors.

### [ACQF 10th Peer Learning Webinar](#)

Jul 22, 2021 from **12:00 PM to 02:30 PM** — Online - Zoom,

Cases discussed at this webinar: African experiences of National Qualifications Databases and NQF Information Systems (cases of South Africa and Kenya); and 2 cases of Recognition of qualifications (AQVN: INAAREES - Angola)

### [ACQF 9th Peer Learning Webinar](#)

Jun 30, 2021 from **12:00 PM to 02:30 PM** — Online - Zoom,

Cases discussed at this webinar: African experiences of Quality Assurance in higher education – the cases of CAMES and of the ANAQ-Sup (Senegal). In addition, the Africa Early Childhood Network (AFCN) presented the work towards a continental framework for Early childhood education and development.

### [ACQF 8th Peer Learning Webinar](#)

Jun 03, 2021 from **12:00 PM to 02:30 PM** — Online - Zoom,

African experiences - National Qualifications Frameworks (NQF) of Seychelles and Namibia. Recognition of Prior Learning (RPL) of Kenya.

### [ACQF 7th Peer Learning Webinar](#)

Oct 29, 2020 from **02:00 PM to 04:30 PM** — Online - Zoom,

### QUALIFICATIONS DETAILS

[Back to list](#)

New Zealand

<b>Name of the qualification in original language</b>	National Certificate of Educational Achievement (NCEA)
<b>Awarding body</b>	The New Zealand Qualifications Authority is the issuing organisation for the NCEA qualifications, NCEA endorsements and the University Entrance Award.
<b>Total number of years of schooling</b>	13 years
<b>General requirements for access to higher education</b>	NCEA Level 3 with University Entrance (UE - see link n.7) is the minimum requirement for admission to a university in New Zealand. To be awarded UE, students must achieve NCEA Level 3 with 14 credits in each of three approved subjects (see link n. 8) and meet literacy and numeracy requirements.

- To be awarded UE, students need:
- NCEA Level 3
  - 14 credits in each of three approved subjects at Level 3
  - Literacy - 10 credits at Level 2 or above, made up of: 5 credits in reading; 5 credits in writing
  - Numeracy - 10 credits at Level 1 or above, made up of: achievement standards specified achievement standards available through a range of subjects, or unit standards
  - package of three numeracy unit standards (26623, 26626, 26627- all three required).

To recognise the disruption caused by COVID-19 there is a change to the minimum credit requirement for approved subjects for 2020 only. To be awarded UE in 2020, students will need:

- NCEA Level 3
- 12 credits in each of three approved subjects at

**Economic Reform Programme** for the social sector, in particular in training and employment policy, assessment of progress on the **Small Business Act for Europe** and wider human capital developments reported in the **Torino Process**. It encourages Albanian actors to participate in European platforms and dialogue processes.

Moreover, the ETF provides policy advice for the operationalisation of the new National Agency for Employment and Skills and the VET management information system, and collaborates with the Albanian Qualification Framework taskforce supporting the implementation of the recognition of prior learning and the assessment of VET providers providing post-secondary vocational qualifications.

Other ETF activities include advice on the evaluation of VET student company internships, network support from European Alliance for Apprenticeships, assistance in the establishment of the dual training system under the National Chamber of Crafts, piloting the EU SELFIE exercise to embed digital technologies in teaching, learning and student assessment, and participation of Albanian experts to the

**ETF Forum for Quality Assurance in VET**. The ETF is also developing a training package on video pedagogy to support the professional development of teachers and trainers.
