

Under Canopy Light

Create a more even VPD across the top, middle, and bottom of your plants, enhancing your flowers and eliminating B-buds altogether with Grower's Choice Under Canopy Light. Our optimized 2.8 red spectrum is proven to improve flower quality, density, and yield. With an IP66 rating, this light is designed for easy cleaning and provides robust protection against IPM sprays and irrigation mishaps.

Enjoy seamless power and data chaining through the same connections—no extra wires needed.

*All cord and accessories sold separately.

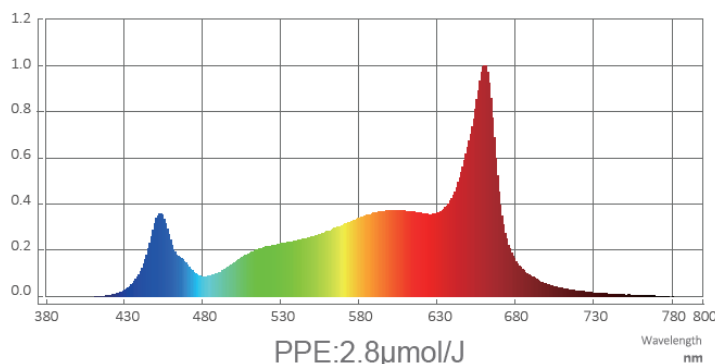

Grower's Choice Under Canopy Light

Spectrum	FSA
Power	120w
Efficacy	2.87 $\mu\text{mol/J}$
PPF	344 $\mu\text{mol/s}$
Dimming	0-10V
Rated	IP66
Voltage	120-277V or 277-480V
Weight	2.7kg/5.95lbs
Dimensions	44.4"X3.55"X3.21"
Lifespan	L90:50000 Hours
Daisy Chain	Up to 30 lights
Warranty	5 years
