

Fairmount 4-in-1 Crib

With gorgeous molding and rich detailing, the Fairmount 4-in-1 Crib from Serta has the appearance and construction of heirloom furniture for everlasting style. Open and airy slats on three sides allow you to keep an eye on baby, while a solid headboard provides a calming and comforting environment for your newest arrival. The perfect solution for your growing child, this convertible crib features four mattress heights that allow you to lower it as your child matures. Plus, once your little one has outgrown the need for a crib, it converts into a toddler bed, daybed, and then finally, a full size bed.
