⚠️ WARNING:
Serious or fatal crushing injuries can occur from furniture tip-over. To help prevent tip-over:
- Place heaviest items in the lowest drawers.
- Unless specifically designed to accommodate, do not set TV’s or other heavy objects on the top of this product.
- Never allow children to climb or hang on drawers, doors, or shelves.
- Never open more than one drawer at a time.

Use of tip-over restraints may only reduce, but not eliminate, the risk of tip-over.
- Always monitor your child’s activity when in the nursery.
- Do not allow standing in drawers.
- Do not allow standing on top of this product.
- Accessory items must be securely fastened to this product according to the instructions provided with those items.
- To avoid head injury, do not allow children to play underneath open drawers.
- Do not leave drawers open when not in use.

NOTES ON ASSEMBLY:
- During the assembly process whenever using screws or bolts, check each by placing the screw/bolt on the diagram of the item which is drawn actual size and design. Be sure to use the proper size and shape specified in the instructions.
- To assemble this unit you may be required to place the unit on its side and face. It is strongly recommended that assembly is done on a soft, non-abrasive surface to avoid damaging the finish.

NOTES ON CARE AND MAINTENANCE:
- Do not scratch or chip the finish.
- Inspect the product periodically, contact delta children’s products for replacement parts or questions.
- Do not store the product or any parts in extreme temperatures and conditions such as a hot attic or a damp, cold basement. These extremes can cause a loss of structural integrity.
- To preserve the luster of the high quality finish on your product, it is recommended to place a doily or felt pad under any items you place on the finish.
- Clean with a damp cloth, then a dry cloth to preserve the original luster and beauty of this fine finish.
- Do not use abrasive chemicals.
- Do not spray cleaners directly onto furniture.
- Lift slightly when moving on carpeting to prevent leg breakage.
- Use of a vaporizer near furniture will cause wood to swell and finish to peel.
