

BIO LUBE AR PLUS

Overview: BioLube AR Plus is a high performing, biodegradable, and natural ester based product, formulated to act as an asphalt release oil. It is designed to produce an exceptional lubrication barrier for use on truck beds, paver boxes, pneumatic rollers, shuttle buggies, and patching machines. BioLube AR Plus is designed to aid in the release of asphalt from many types of equipment, and does so through its special dual additive formula, without stripping the oils from the aggregate or causing a chemical reaction or any harm to the asphalt.
