NM-254
Solution Mini Light Collection
Ultra-Slim Under Cabinet Xenon Fixture
 Lamp: 10W 12V T3 Xenon JC Bi-Pin G4

PRODUCT DESCRIPTION

Slim 9-16" "puck" fixture designed to recess completely into standard cabinetry. Rated for use with one G4 light source in under cabinet applications.

FEATURES

- Tiny 9/16" profile.
- Die-cast Aluminum Body.
- Tempered Frosted and Clear Glass Shield included.
- Preserves appearance of cabinetry.
- Four High Quality Finishes.
- Recessed or Surface Applications.

CONSTRUCTION

Mounting

Surface: Round hollow finished "cup" bracket provided with mounting screws and wire exit molded into bottom surface of cup.

Recessed: Inner housing equipped with tension springs to grip directly onto cabinet material for secure, flush fit to mounting surface. Slim profile eliminates the necessity of drilling completely through cabinetry material, improving the appearance of the cabinetry area above the lighting fixtures.

Electrical System

G4 lamp socket with fiberglass-insulated wiring. Wire lead measuring 18" (46cm) included.

Lamp

10W 12V T3 Xenon G4 lamp, 2800K (included). (QI10JC/12X - Replacement Lamp)

TRANSFORMERS

12V Electronic, solid state low voltage transformer or magnetic transformer required for operation (not included).

Spacing

Space of 1" (26mm) between fixtures is required.

Dimming

Use magnetic low voltage dimming control with magnetic transformer or electronic low voltage dimming control with electronic transformer.

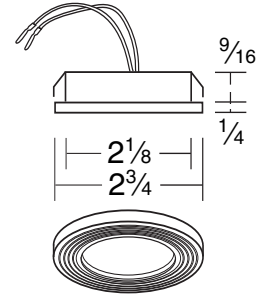

Labels and Listings

ETL Listed for indoor, dry location applications.
