NX-811-LED

Surface Mount Adjustable LED Edge-Lit Exit Sign
with 90° Adjustability, 2-Circuit
Lamp: LED Source

PRODUCT DESCRIPTION

Architectural acrylic edge-lit sign for applications requiring low-profile, yet decorative appearance. Uses included, but are not limited to museums, galleries, office building lobbies, etc. Incorporates 25+ year LED source. AC, 2-Circuit, with letters in either green or red color.

BODY

Extruded aluminum housing and acrylic panel.

FACE

Edge-lit Exit is available in either single or double face. Face is constructed with 0.40 clear acrylic with rounded and finished edge for attractive appearance. Face contains red or green 6" high and 3/4" thick lettering inside face to comply with ETL/NFPA requirements. Reflective stick-on chevrons provided and are applied to rear of panel in order for light to reflect off the inner face of the chevron tape to provide a similar effect as the lettering embedded inside the acrylic. Face can be adjusted in the field from 0° to 90° for wall, ceiling or sloped applications.

MOUNTING

Mounting hardware consist of 0.06 steel universal junction box bracket, 7/8" profile 0.11 die-cast aluminum bracket cover, screws, wire nuts, and silver-finished plastic plugs that are used to eliminate remaining knockouts once mounting configuration is selected.

ELECTRICAL

Input: Dual 120V/277V (0.038A / 0.017A)

Wattage: 3 Watts normal / 5 Watts emergency operation

Light Source: Long life LED sources

Testing: High charge / ready operation indicator light with test button and automatic reset

Circuit Protection: Isolated surge / short circuit protection (Disconnect for deep discharge)

Life Expectancy: 25 Years with no change in illumination level

EMERGENCY CIRCUIT

2nd Circuit for input from external EPS or other alternative emergency power source or generator
