

FOOD FEEDER

Food Feeder Series

Our award-winning Food Feeder is the first feeding essential that allows your baby to explore and enjoy fresh food safely and independently.

BENEFITS OF THE FOOD FEEDER

- Encourage self-feeding
- Reduce the risk of choking
- Safe and easy to use
- Double as a teether

Food Feeder Plus

□ for solid food

6m+

Available in 4 colours
Single Pack (Item 160361), with Grinder (Item 160359)

Food Feeder Plus is the newest addition to kidsme Food Feeder family. It features a larger, flexible silicone sac to satisfy a baby's growing appetite. The Food Feeder Plus is also available with an egg-shaped holder, which doubles as a food grinder and easy storage container for leftover food.

*also available in Grinder set

Food Squeezer

○ semi-liquid / liquid food

4m+

Single Pack (Item 160378 LI)

The Food Squeezer is specially designed to reduce the risk of choking for babies self-feeding semi-liquid and liquid food. The food pouch makes it easier for little ones to grip and squeeze. With regular squeezing a baby can strengthen their hand muscles.

Food Pouch Adaptor

○ semi-liquid/ liquid food

4m+

Available in 3 colours (Item 160489)

The kidsme Food Pouch Adaptor is a handy essential for baby to self-feed. The reliable sac can easily control flow rate and minimizes the risk of choking. It is easy to use, simple plug-and-screw and fits various types of baby food pouches.

Food Feeder Starter Pack

□ for solid food

4m+

Available in 2 colours (Item 160362)

Designed to accommodate a growing appetite and ongoing development, the kidsme Food Feeder Starter Pack includes two Food Feeders with interchangeable SMALL, MEDIUM and LARGE silicone sacs for your little ones to explore new tastes and textures accordingly.

Reusable Food Pouch with Adaptor Set

○ semi-liquid/ liquid food

4m+

Reusable Food Pouch (2pcs, 6oz/ 180ml) and Adaptor (1pc)
Available in 3 colours (Item 160499)

Reusable Food Pouch

○ semi-liquid/ liquid food

4m+

Reusable Food Pouch (4pcs, 6oz/ 180ml) (Item 160492)

The kidsme Reusable Food Pouch is designed to store your prepared fresh food for your baby anytime. It is easy to squeeze food and convenient for travel.

FOOD PREPARATION

Food Grinder

Available in 3 colours
Item 160465

The Food Grinder is able to grind food into smaller pieces for babies. It is an essential aid in food preparation depending on the baby's age and eating abilities.

Baby Travel Easy Set with Food Container

Available in 2 colours
Item 9911

The kidsme Baby Travel Easy Set comes with a portable solid case to keep different feeding utensils clean and organized. You could easily store it in your bag and carry around without taking up so much space.

Baby Mealtime Kit

Item 9922

The Baby Mealtime Kit contains all the feeding essentials to help encourage a baby to learn self-feeding. It's a lightweight, waterproof, and compact travel bag that can easily be carried one-handed with all the essentials.

Antibacterial Folding Cutting Board

Item 120191

The kidsme Antibacterial Folding Cutting Board features unique folding hinges, making it great for outdoor food preparation. Food icons are clearly marked as a guide to help prevent the cross-contamination of food. The built-in utensil has the dual function of a knife and spoon to aid food preparation easily and conveniently for the kidsme Food Feeder.

Food Feeder Multi-Purpose Rack

Available in 2 colours
Item 9886

The Food Feeder Multi-Purpose Rack is the feeding essentials storage solution. It contains 5 convenient slots for our Food Feeder. The slots allow for the Food Feeder to be filled conveniently. The 360° spinning pegs can hold Food Feeders, sacs, milk bottles and teats for complete drying. It is also easy to disassemble for hanging on the wall to save counter space.

Food Chopper

Item 160313

Preparing fresh food in a desired consistency for a baby is now easy thanks to the kidsme Food Chopper. The top container will even keep food fresh. Its lightweight and portable design is ideal for preparing fresh food at home or on-the-go.

TODDLER FEEDING

NEW Stay-in-Place with Bowl Set

9m+

Available in 3 colours (Item 160495)
The kidsme Stay-in-Place with Bowl Set can make self-feeding so much easier! The bowl can stay firmly in place without spillage.

SOOTHING

Icy Moo Moo Teether 3m+

Item 9655

The kidsme Icy Moo Moo Teether is perfect for comforting sore gums. The dual-function silicone teether can also make ice lollies for baby. Simply fill the cap with a favorite milk or juice, place the teether into the lid, and freeze.

SUGGESTED TO USE AS ICE LOLLIES ABOVE 9 MONTHS

Water Filled Ring Soother 3m+

Item 9536

The soother has an easy grip handle and textured teething surface. It is great for teething relief if it is first placed in the refrigerator to cool.

Water Filled Soother 3m+

Available in 2 colours
Item 9020

The fish shape creates interest and soothes gums. It can provide more relief if it is first placed in the refrigerator to cool.

Water Filled Soother with Handle 3m+

Item 9311A

The soother has an easy grip handle with beads to create a gentle rattling sound. It is great for teething relief if it is first placed in the refrigerator to cool.

BABY TOYS

Stacking Cups 6m+

Item 9445

Four cups for stacking, nesting, for water and sand play. Each cup has a soft easy grip edge for texture exploration and teething.

Soft Grip Listen and Learn Ball

Item 9278

Stack and Learn

Item 9283

Play and Learn Ball

Item 9266

Baby Teething Links

Item 9467

Bumble Bee Rattle

Item 9587

With a unique shape that is easy for baby's little fingers and hands. Along with the clicking and turning wings, all parts have different textures to engage babies' senses. The rattling head has colourful beads to enhance hand-eye coordination.

Mirror Chime Rattle

Item 9294

It has a soft grip handle for teething and a gentle chiming sound with a mirrored surface.

Helps develop fine and gross motor skills

Twist & Learn Ring Rattle

Item 9584

The rattle gives hours of fun with constant movement and sliding beads. The different surface textures are wonderful to help teething and to aid fine and gross motor skills!

Dragonfly Teether

Item 9728

Pull the ring to see the body move, 6 different teething surfaces and hear the gentle rattling sound!

Teaches sound and colour recognition
