

How to Create a Liveaboard Dive

Creating a **Liveaboard Dive** follows the same process as creating any dive, but there are a few extra details **specific to multi-day experiences**.

You'll complete this in three main sections:

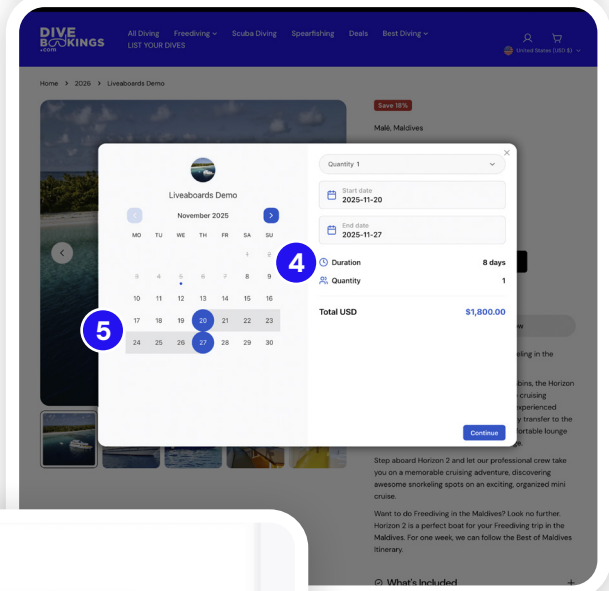

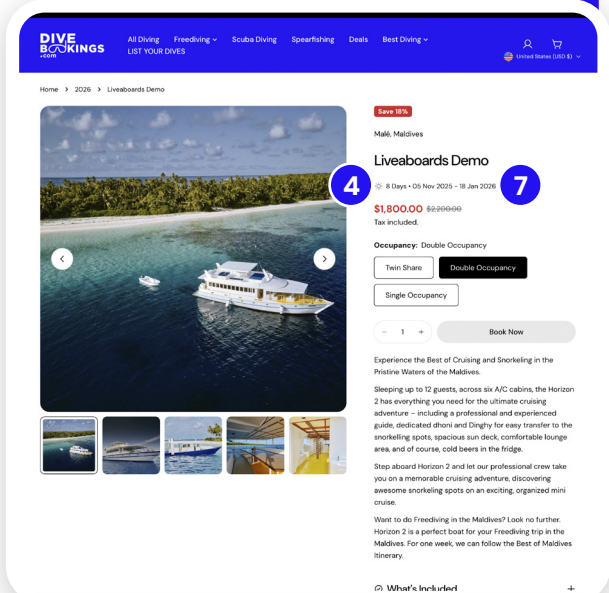

1. Availability / 2. Pricing / 3. Add-ons

1. Availability

This section defines when your liveaboard runs and how bookings are managed.
Here's what to set up:

- 1 Dive Type:** Select Liveboard
- 2 Booking Type:** Choose Multi-day Consecutive if the trip runs for several days in a row. If it's spread out over different days, choose Non-consecutive.
- 3 Number of Bookings per Slot:** Enter how many guests can book the same trip (for example, 12).
- 4 Duration (Days):** Enter the total number of days the trip lasts (for example, 8).
- 5 Recurring Availability:** Choose whether this trip repeats daily, weekly, monthly, or if it's a one-time event.
- 6 Days of Operation:** For consecutive multi-day trips, select all days of the week.
- 7 Overall Availability:** Set the overall date range for when this experience is available (for example, 30 November to 18 January).

If you run the same trip multiple times with different departure dates, you can add additional start and end dates for each one.

2. Pricing

Liveboards often have different room or occupancy types, each with its own pricing. Set up separate price options for each, including their original and discounted prices.

Example:

- 1 Twin Share – Original \$3,200 → Current \$2,850
- 2 Double Occupancy – Original \$3,400 → Current \$3,000
- 3 Single Occupancy – Original \$3,800 → Current \$3,500

Each option should reflect the cabin type or comfort level you offer.

Ready for the ultimate shark-filled Freediving and Scuba Diving Maldives experience? This all-inclusive 7-day expedition is all about Apex encounters! Come tiger shark diving in Fuvahmulah and cruising with up to six other shark species frequenting Hulhumalé including Bull Sharks, Great Hammer-head Sharks, Spinner Sharks and Lemon Sharks.

Explore the wonders of the Indian Ocean, diving crystal-clear waters alongside an expert team of instructors and guides who will take you to some of the best diving in the Maldives. Immerse yourself in the beauty of vibrant coral reefs, swim among an incredible variety of marine life, and experience the pure thrill of freediving and scuba diving in Maldives' tropical paradise.

April is one of the best months for diving the Maldives, as it's the transition between the dry northeast monsoon and the wetter southwest monsoon. Marine life is abundant amidst tropical weather with climates from 27°C (81°F) and generally calm waters from 28°C (82°F) with visibility up 30 meters (98ft). This journey is more than just a diving trip; it's about adventure, connection, and unforgettable experiences. Travel with a group of passionate ocean lovers, exploring some of the most abundant and biodiverse Maldives diving sites, where Apex encounters are just the beginning. Every dive brings a new discovery, whether you choose to freedive or scuba dive in these world-renowned waters.
