

Adhesive Tabs for Carpet Tile Installation

These carpet tile installation stickers create a floating floor by sticking to the four corners of each carpet tile (sticky side up).

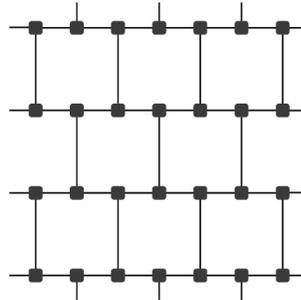

- Odor-free adhesive is ideal for installation in occupied offices.
- Experienced installers achieve time savings of up to 30%.
- Pre-installation floor prep is identical to conventional adhesive.

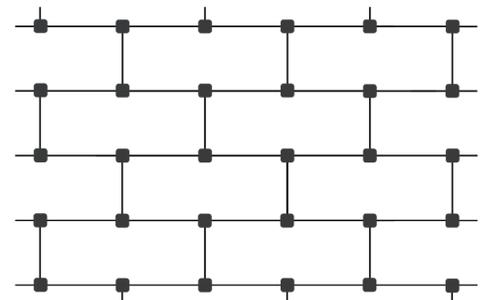

Each pack of 500 **NEXTABS** is comparable in cost and coverage to a pail of adhesive. Each pack covers about 100 -125 square yards. The exact coverage depends on room size and shape, carpet tile size and shape, and installation method:

Monolithic or
Quarter-Turned Installation

Brick or Ashlar Installation

Rectangular Tiles
in Brick or Ashlar Installation

NEXTABS are sold to distributors in master cartons of 12 packs.

Master Carton SKU: NEXTABS - MASTER
