Pommade Divine Nature's Remedy Balm, £19.80,  
[pommadedivine.com](http://pommadedivine.com)

This gorgeously decadent balm for soothing scratches, burns, scars and itchy skin has an impressive story: created by the Royal Family's chemist more than 200 years ago, it was used by Queen Victoria. It's a celeb fave too: Sienna Miller says she uses it on her toddler daughter. With refined shea butter, it instantly soothes and softens.
