

REWARD YOURSELF WITH OUR SELF-CARE COLLECTION

Venus Amber Oil — If you're not used to using a body oil I highly recommend this one: the experience is luxurious; **Shiva Rose** makes a beautiful selection of products to practice self care and self love. She truly understand the concept of connection to self, others and balance with nature. So it's no surprise that this energy would be infused into her beautiful body oil, appropriately named Venus (the goddess of love). The fragrance is light and mysterious. This body oil contains crystals of rose quartz gem that infuse the oil with love, peace, and tranquility. Love and enjoy.
