

# MATUSE™ PRODUCT WARRANTY

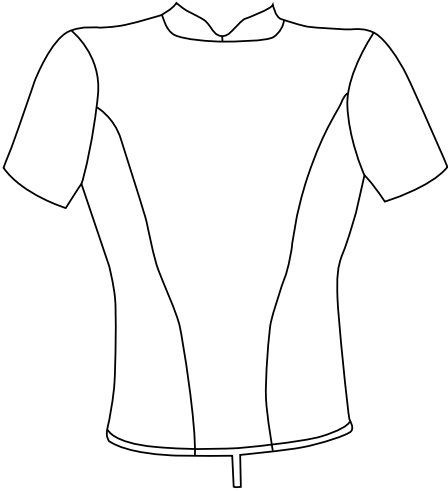

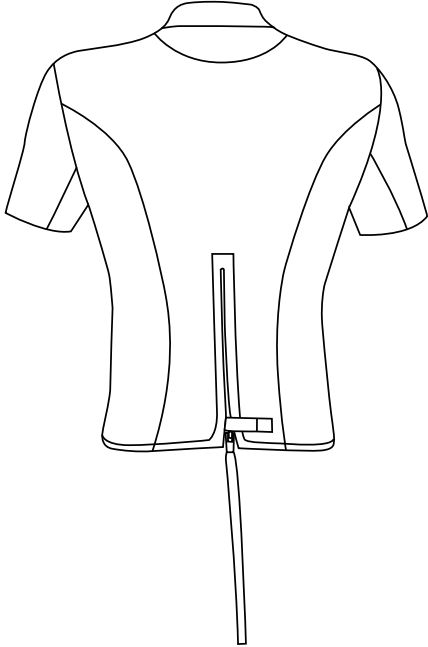

Matusé offers a limited lifetime warranty on the seams of any Matusé product—as long as the condition of the product is not irreversibly damaged due to user use and/or neglect (i.e. sun damage). Matusé offers a 1 year limited warranty from the date of purchase on manufacturing defects for all Matusé Geoprene Wetsuits for the original owner with proof of purchase.

The warranty does not cover Geoprene damaged from use other than normal recreational use. Warranty does not cover, and is not limited to, damage/cracking due to sun exposure, improper care, fin cuts, finger nail nicks, shark attack, spontaneous combustion, alien abduction, general negligence or natural aging over the course of the product's lifetime.

Accordingly, if the Geoprene is in such a state that it cannot be used for repair or was repaired by an unauthorized repair service, the warranty will be voided. This warranty is ultimately limited to repair or replacement at the discretion of Matusé and does not include consequential damages, incidental damages or damages to person or property.
