**PRODUCT CATALOG 2023**

# WELCOME BACK

## THANK YOU

We want to start by saying how thankful we are for you. Because of your continuous dedication to Osgoode Marley, we made it through the hardest, most unsure few years we've experienced. Your support kept us going and provided stability for our team; for that we are immeasurably grateful.

## WHAT'S NEW

If you can believe it (we can't), 2023 marks the 25<sup>th</sup> anniversary of when our first wallet line was crafted. For 2023, we've added over 30 new items to our collections. Keep an eye out for those as you move through the pages. We also have new colors AND additional color offerings of the items you already love.

If you're looking for something specific, the **Bags At-a-glance** section (which starts on page 58) is organized to correspond with our item list. You can also utilize the search feature on our website, [osgoodemarley.com](https://osgoodemarley.com), or you can even call us and we'd love to help: reach us at (603) 964-7889 or call toll-free (800) 393-1259.

## WHAT WILL NEVER CHANGE

We're excited to share our items with you, and continually strive to create products that you and your customers will enjoy as much as we do. Thank you, again, for being a loyal business partner and for making the time to read through our catalog.

As always, we encourage your feedback and appreciate your support.

# OUR STORY

## THE BEGINNING

Before the days of Osgoode Marley, founder Bob Murphy began his career in the leather industry at shoe retailer Thom McAn in Worcester, MA. From there, he worked with the leather outlet store Leather Loft based in Exeter, New Hampshire where he met brothers Richard and Osmond. Richard and Osmond were based in China and worked as liaisons with Leather Loft on a wallet and leather jacket business. In the 1990s, Bob refined his knowledge at a Boston-based wholesale leather goods operation where he then met Bill Cierro, who would help him found Osgoode Marley.

Bill handled product design and creative while Bob ran all things business alongside Richard and Osmond. In later years, the brothers established their own workshop in Guangzhou, China and focused production efforts on Osgoode Marley. To this day, their skillful artisans produce 90% of our merchandise.

Osgoode Marley initially focused on men's products and crafted their first line of wallets in 1998. In 2006, women's designs were added with the introduction of stylist Gale Anderson, who has been designing bags since the age of 16.

## HERE AND NOW

Though Bob's son Mike has formally been an Osgoode Marley partner since 2003, he's been involved since the company began in the basement of their family home. Mike struck up a friendship with Osmond's son, Joey, while their fathers traveled between the United States and China on business trips: Bob and Osmond exchanged letters between their sons which led the two pen pals to become lifelong friends. Mike and Joey have followed in their fathers' footsteps and their friendship has carried into adulthood – they've even traveled to New Hampshire and Hong Kong, respectively, for each other's weddings.

With products now sold all over the world, North Hampton, New Hampshire is still home base for Osgoode Marley. Operated under the watchful eyes Bob and Mike, the team at Osgoode Marley is small but mighty and takes the time to ensure that each piece is crafted with care.

# OUR PROMISE

## QUALITY LEATHER TO LAST A LIFETIME

Osgoode Marley was founded on the belief that fine leather goods should have even better quality and integrity behind them. Our commitment to our craft is conveyed through the design, production, and delivery of our products. We're dedicated to crafting beautiful pieces with equal parts form and function to perfectly complement your style while providing the organization you need.

## MINDFUL STYLE AND MINIMAL WASTE

We expertly source genuine cowhide from Buenos Aires, Argentina. The leather is then sent to New York City where it is enhanced to create the most yield from a single piece of material in order to avoid waste.

## EXCEPTIONAL VALUE

We strive to create products with a value much greater than the cost and take great pride in our artful designs. Using the finest quality components, our trained artisans work in a small production setting to nimbly craft our items with inspections at all stages of production.

## DEDICATED SERVICE

We aim to exceed expectations, and work diligently to blend value and service into all of our communications. We aim to create a shopping experience that rises above the rest in delivery and efficient handling of all customer requests.

# OUR LEATHER CARE LINE

Our line of leather care is made with three simple, natural ingredients: seed oils, beeswax, and tallow which have been used to care for leather for centuries, all the way from tanning to conditioning. These products are formulated for optimal care and preservation of your cherished Osgoode Marley item. Please note: with any and all leather care products, application may darken leather.
