

In His Image

(Genesis 1:20-27)

Every fish of the sea,
Every bird in a tree,
God made like their own.

Every bug on the ground,
Every beast that abounds,
God made like their own.

*But God made us in His image,
To bring Him glory all of our days.
To worship God is our privilege
And He is worthy of all praise.*

Every creature that flies
As it takes to the skies,
God made like their own.

All that hides underground
So that it can't be found,
God made like their own.

*But God made us in His image,
To bring Him glory all of our days.
To worship God is our privilege
And He is worthy of all praise.*

Unlike animal kind
We have reasoning minds;
God made us like Him.

Unlike cows on the hills,
We've emotion and will;
God made us like Him.

*For God made us in His image,
To bring Him glory all of our days.
To worship God is our privilege
And He is worthy of all praise.*
