STEP 1
FILL IN CLIENT QUESTIONNAIRE

This enables us to get a feel for the use of the rooms, your style, colour likes and dislikes, etc.

This can be done by email or, alternatively, we can cover this off on a call.

CLIENT QUESTIONNAIRE

What is the overall goal you are trying to achieve?

.....

What is your timeframe?

Is the work to be done in stages?.....

.....

What is your budget?.....

Who lives in the property?

.....

Does anyone have any allergies?.....

Do you have any current or intended pets?

Do you have any family history / travelling items / storytelling that you would like to incorporate?.....

.....

.....

Any family habits / rituals / hobbies to be considered?.....

.....

.....

Do you have any favourite colours?

.....

Are there any colours you dislike?

.....

What existing furniture or artwork is there?

.....

.....

.....

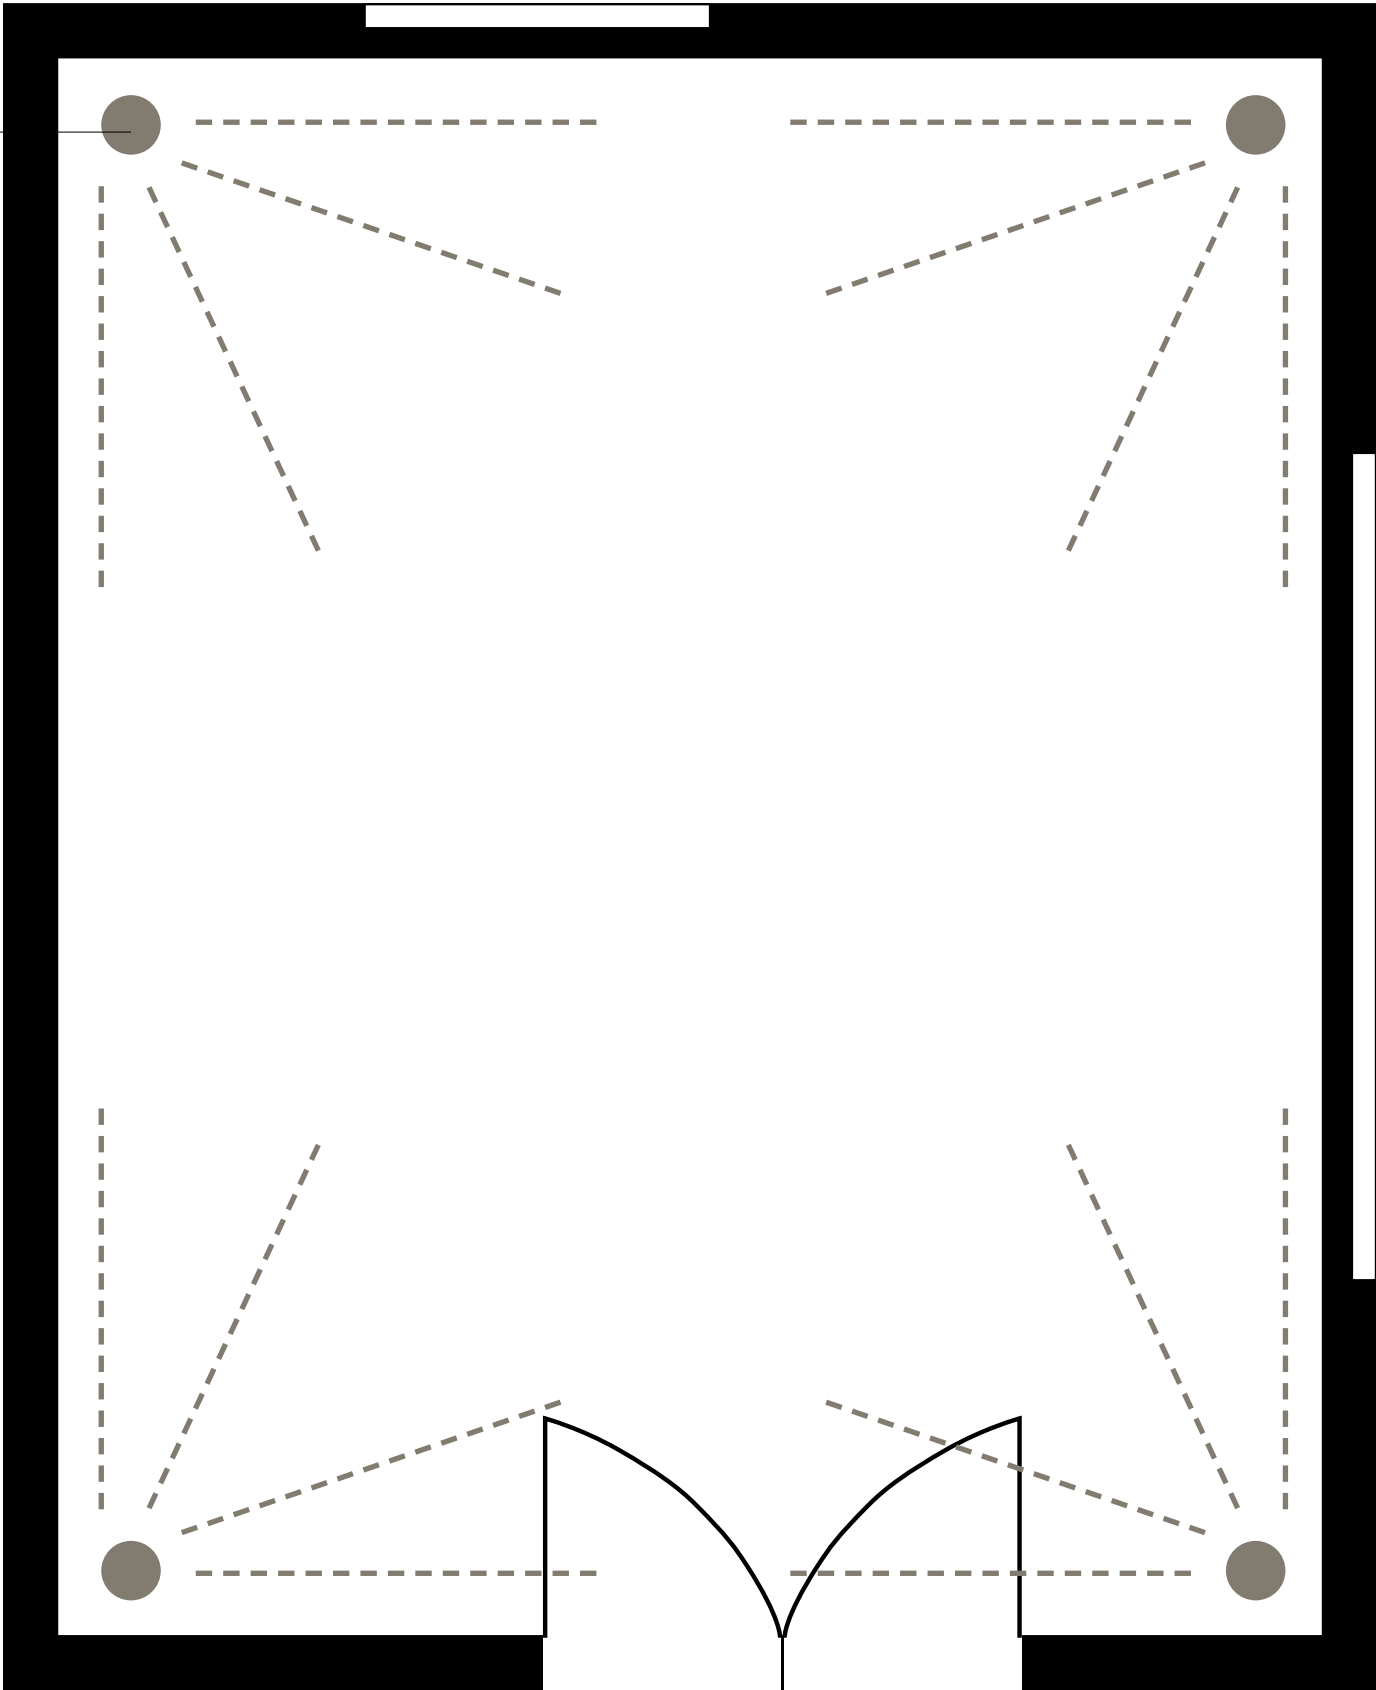

.....

.....

STEP 2
TAKE PICTURES OF YOUR ROOMS

Take pictures of the rooms from each of the four corners. Portrait/vertical, rather than landscape/horizontal, is best to ensure all light fittings are included. Take pictures at the brightest time of day.

You will need:
- a decent phone camera, or normal camera

STEP 3
SKETCH & MEASURE YOUR ROOMS

Measure the room and provide a rough sketch with the measurements.

We will need:
the length and width of the room, ceiling height, distance between windows, height underneath windows, height and width of window and doors

You will need:
- a long tape measure
- an extra pair of hands

STEP 4
EXISTING FURNITURE

Take pictures of existing furniture from all possible angles, and measure each piece.

We will need:
the height, width and depth in cm.

JOINERY PLAN	
ENTRANCE ROOM CUPBOARDS	
 	 
Image ref for storage over door, not a style ref	
BRIEF: Create two boot-room type cupboards (to store coats and bags) on either side of the double doors, with a connecting cornice/storage above the doors so that the units look like one large piece when doors are closed. Doors to have fixed plantation-style slats. Internally there should be hooks at 2 levels and two shelves - one at the top for hats and small bags, and one below for double-stacking of large bags. To be finished in Little Greene 'Pleat' and ironmongery will be supplied.
