BlueJeans
at Ross

More Details

USB 3.0 Plug & Play

The VLCAM100 uses standard UVC drivers. There is no need to install special USB drivers. USB 3.0 is 10 times faster than the USB 2.0 standard and it features low latency and non-compress output.

Excellent 4K Image

The VLCAM100 has a professional 8.28 megapixel image sensor that features high resolution, and Vivid color reproduction and presents an excellent image quality even under insufficient light conditions.

Ultra-View Angle

The VLCAM100 has a panoramic ultra-wide 120° viewing angle that helps users achieve a wider viewing area.

With Auto Framing

The VLCAM100 auto framing can auto zoom on people when enter or leave people during the video conferencing

Easy control

The VLCAM100 easy control like Pan, Tilt, Zoom and settings by IR remote controller. Supports Windows, Mac OS, Android system.

10 Preset Positions

The VLCAM100 has 10 preset via remote control for pan, tilt, zoom, focus, and white balance modes for more effective and efficient video recording.

Adaptive Microphone Design

The VLCAM100 with two built-in microphones is a best fit for distance learning or video conferencing. Pick up distance up to 3 meter.

Easy Install on TV Screen

The USB 3.0 cable has a 3 meter design allowing the VLCAM100 to install for different display size.
