

Konftel Ego

Personal Conferencing. Anywhere.

The Konftel Ego is a personal speaker phone. It's compact and portable and fits easily in your work bag, wherever you're going. Despite its size, the Konftel Ego delivers crystal-clear sound thanks to our unique OmniSound® audio technology.

The speakerphone works seamlessly with Skype for Business, Cisco Webex, Avaya Equinox and many other collaborative tools. It connects easily to a computer via USB or to a tablet or smartphone via Bluetooth®. After the meeting, you can then fill the room with your favorite music.

SO EASY TO USE

A smart and clear LCD screen makes it easy to see which function is active. LEDs also light up on the side in different colors to indicate the function. In short, the Konftel Ego gives you full and effortless control.
