

Module 4 – Focus on Priorities

Theme: Your 3 Most Important Goals for the Week

Top entrepreneurs start every week with a clear focus on three crucial goals. These aren't just tasks, but strategic decisions that move your long-term vision forward.

Why three?

- It's manageable
- It forces you to make choices
- It gives direction to your energy and time

Example:

1. Finalize project for client X & integrate feedback
2. Contact 2 new prospects
3. Define social media strategy for upcoming campaign

Ensure that all your actions are linked to these goals.
