Overview

The Epson WorkForce DS-7500 is a high-speed, 2-sided document imaging scanner with flatbed versatility, This high performance scanner delivers remarkable scans from 101mm x 152mm and up to 215 x 1016mm.Quickly scanning 2-sided documents in just one pass.

Featuring a 100-sheet Automatic Document Feeder (ADF), the scanning of one- or 2-sided documents is achieved easily, and the 211 x 297mm flatbed to scan hard-bound books or other odd-sized items. The Epson WorkForce DS-7500 has superior speeds in its class of up to 40 ppm/80 ipm

The 4 line CCD sensor (RGB and black) consistently delivers vivid colours and crisp, sharp text. Plus, with productivity software included and the optional network scan module, each member of a workgroup can access high performance scanning for critical project needs.

KEY FEATURES & BENEFITS

    Capture large, two-sided documents in a single scan – scans documents as small as 101mm x 152mm and up to 215mm x 1016mm via the ADF or 215mm x 297mm via the flatbed scanner bed
    Featuring a 4 line CCD (RGB and black – provides vivid colour and crisp, sharp text; included book spine correction eliminates distortion when scanning bound materials
    Duplex Scanning – one-pass, 2-sided scanning at speeds of 40 ppm/80 ipm
    Productive built-in 100-sheet Automatic Document Feeder – plus automatic duplex scanning
    Ultrasonic double-feed detector – automatically stops the scan job if two pages have fed together
    Convenient, network scanning capabilities – use the optional networking module and included Document Capture Pro software to scan to any PC on the local network
    Scan to popular cloud services – scan to SharePoint®, Evernote®, Google Docs and more
    Scan to searchable PDF – save scanned documents as PDF, PDF-A or JPEG files, and more
    Powerful productivity software – includes EPSON® Scan, Document Capture Pro and ABBYY® FineReader® Sprint OCR
    One-touch scanning – create up to 30 user-programmable jobs

SCANNER OPTIONS
Network Adaptor – Convenient Control of the Scanner

When used in conjunction with WorkForce® DS-7500 document scanners, the EPSON Network Scan Module takes the place of your scanner's control panel. By removing a few screws, using the included screwdriver, the front control panel is unlocked on your scanner, and replace it with the Module.

Now, the scanner has the capability to scan to, and be controlled by, any PC that's within the same sub-network and has Document Capture Pro software installed. Document Capture Pro comes standard with the EPSON WorkForce® DS-7500.

Easy setup and operation

Connected to the Epson scanner, the Network Scan Module queries the sub-network. The LCD then displays a list of all available PCs that have Document Capture Pro installed (up to 100). Selecting the desired PC will display the job list available in Document Capture Pro.

Select and modify the job, then load the documents and press the Scan button. The documents are scanned, stored or sent according to the job parameters. The EPSON Network Scan Module features one 'Scan' button and a convenient LCD, which enables the user to select from many setting options.
