

InvestQ 457(b) Retirement Plan Services

A 457(b) plan is a voluntary retirement savings plan that can be offered to employees of government agencies, school districts, and municipalities. InvestQ is a retirement plan co-op overseen by ESC Region 13 and is designed to help manage your organization's 457(b) plan and investments while you spend your time running your organization. We work hard to deliver plan administration solutions that are transparent, cost-effective, and can lead your employees to financial wellness.

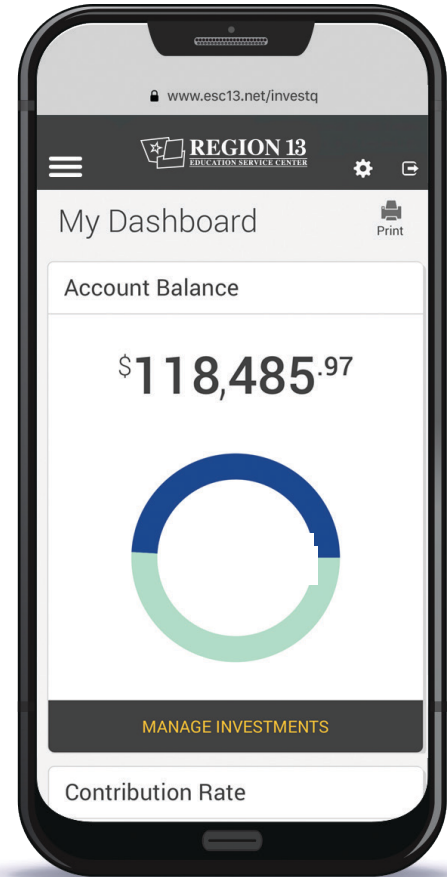

Invest in your employees' retirement

With a 457(b) plan, employees and employers can voluntarily start and stop contributions, request qualified distributions, and save on federal income taxes. Flexible investment options make it an excellent option for employees to save for retirement.

As a plan administrator, we deliver:

- Record-keeping and participant reporting
- Plan compliance and legal support
- Transparent fee structures
- Comprehensive investment advice for you and your employees
- Fiduciary responsibility for the plan
- Online portals for a fast, paper-free experience

With our help, you can provide your employees with everything they need to save for a successful retirement.
