

Mademoiselle Macaron

Corporate Events & Gifting Catalogue

There once was a Mademoiselle in search of a gift...

You want your clients and contacts to remember that the gift you gave them was outstanding, or the centrepiece of the event you invited them to was amazing. It looked fantastic, it was unique and it tasted wonderful!

With our macarons in all colours and designs, we can help achieve just that. A luxury experience is at the heart of the story of Mademoiselle Macaron. It is a love story which began in Paris, home of the French macaron, between one girl and the City of Lights. I lived and loved in Paris where I enjoyed the culture, its food and wine. The French know how to present luxury and I admired the jewellery-like boxes and gift boxes that they used to present their patisseries. Having learned how to make macarons at a cookery school, I came back to the UK and missed the special moments created by delicious things so set about making French macarons at home.

Over ten years we have honed our craft and created a range of flavours from classic pistachio to the very Scottish Irn Bru flavour. Our five star customer service and award-winning products have seen us work with brands from Warner Brothers and Selfridges to independent accountancy firms and boutique PR agencies. Every macaron is as unique as our customer. We can't wait to work with you on delivering a little moment of luxury with our French macarons.

Thomas Sabo

Such a pleasure working with the team at Mademoiselle Macaron for the THOMAS SABO SS23 Summer Party event. The beautifully bespoke, branded and handmade macarons were exceptionally well received by our customers and tasted delicious. The team were incredibly collaborative and accommodating to ensure all our requirements were met. A total success and we look forward to working with Mademoiselle Macaron in the future. Highly recommend.

Questions?

We can turn an order around in as quick as 1-2 business days. If your order has bespoke flavour and colour requirements, this may take longer and require 1-2 weeks' notice.

How does your bespoke logo service work?

We have a special in-house food printer which uses edible ink to print details directly onto the macarons.

How long do macarons stay fresh for?

We recommend macarons be eaten within 7-10 days of delivery and are best kept refrigerated. We advise ordering with this in mind when it comes to when you want your macarons delivered.

Can you ship to individual addresses?

Yes, we can ship to individual addresses. Our team can work with you to assist with any messages or cards to be included for recipients.

Can you match my brand colours and theme?

We specialise in making a rainbow of colours and can confidently work with you to create something that's complimentary to your brand.

All the flavour of our macarons are in the filling so you can have pistachio flavour in a white shell, for example. The possibilities are endless!

Can I have unbranded boxes?

Our standard gift boxes (6, 12, 18 and 24 macarons) are branded with the Mademoiselle Macaron logo. However, all of our favour boxes can be supplied without any Mademoiselle Macaron information.

There's a macaron company called Mademoiselle Macaron, and they've been making me crazy-tasting vegan ones. I went through 280 of them last week.
