

PIG® Economy Poly Spill Containment Pallet

#PAK605 - Holds 2 Drums • Use With Steel Drums Only • 66 gal. Sump Capacity

This cost-effective drum pallet shares many features with our more expensive models - plus it's made from recycled content!

-
- These pallets may be economical, but they're strong enough to handle long-term storage of fully loaded steel drums
- Low-density polyethylene (LDPE) construction resists UV rays, rust, corrosion and most chemicals
- Textured grating adds traction and lifts out for easy sump access
- 2-way forklift entry allows easy movement from either direction (unloaded only)
- We test all of our PIG Containment Pallet designs at max load for months to ensure they can handle full capacity at your facility
