

# PIG® Poly Loading Ramp

#PAK734 - For 8.75" to 10" H Poly Spill Containment Pallets • 700 lb. Load Capacity • 1 each

You don't need a forklift to load drums onto decks. A simple hand truck will do the job when you add our Poly Loading Ramp.

- Light-weight polyethylene construction is chemical-resistant and easy to position
- Edge guards guide drum trucks and help prevent them from rolling off the sides
- Ribbed surface provides traction for added safety
- Note: Ramp must be detached to close doors
- Metal plate secures ramp to pallet or deck and provides a smooth transition for loading and unloading
