

## PIG® Restroom Mat Runner with Adhesive Backing

GRP7004 Continuous 25' Cut-to-Length Roll, 1 roll

Adhesive-backed mat runner lets you create custom-sized restroom mats for urinals, sinks and other wet spots.

- Unique Mat Runner can be easily rolled out and cut to length for continuous floor coverage with no gaps or overlaps; 25-foot roll is ideal for up to 10 urinals, under rows of sinks or wherever custom sizes are needed
- Permanently infused antimicrobial technology prevents the growth of odor-causing bacteria and mold on the mats to keep restrooms cleaner and fresher smelling
- Proprietary, full-coverage adhesive backing keeps mats in place underfoot with no shifting, curling or flipping up to stop slip and trip hazards; peels up easily
- Mats stick to your floor and won't budge while you clean them; simply mop them with the rest of the floor
- Durable, Hi-Trac™ Surface stands up to daily cleaning and restroom traffic
- EFM™ Absorbent Technology captures urine and water on contact, wicks them away and dries out quickly
- Impermeable backing layers stop liquid pass-through to prevent stains and grout damage
- Tested and certified by the National Floor Safety Institute (NFSI) as a high-traction surface which can reduce slip and fall claims by as much as 90% when used as part of a Floor Safety Program
- Adhesive-backed TimeStrip® Indicators (sold separately) can be applied to your Restroom Mats for easy monitoring of service life; choose 30-day or 90-day indicators
- Mats take on the properties of absorbed liquids
  - always take proper precautions when handling saturated absorbents

Item#	Description	Dimensions	Weight
GRP7004-BK	Black,	24" W x 25' L	4.87 lbs.

## Metric Equivalent:

Item#	Description	Dimensions	Weight

## Disclaimers

### Safety Instructions Regarding Flammable Liquids for Flame Resistant Mats

Pig Absorbent Mats are flame resistant in their unused state, but take on the properties of flammable liquids they absorb. Always take proper precautions against potential ignition in handling and disposal of these mats if they have absorbed flammable liquids. For further assistance, please call Technical Services.

### Color Variation Statement

It is normal for top layer materials to show minor variations in color between production runs. This is particularly true for the grades of materials used in consumable or disposable products such as our adhesive-backed mats. New Pig makes every effort to achieve consistent color, but some variance is possible. Perceived differences in color may also result from mat layout orientation or uneven traffic wear patterns.
