

PIG® Lite-Dri® Loose Absorbent

PLP201 Absorbs Oils, Coolants, Solvents, Water – Universal, Absorbs up to 8 gal., 1 bag

Silica-free loose absorbent pulls most common industrial liquids from your floor — it's easier to lift, lighter to carry, and 3X more absorbent than clay!

- Unlike clay, which is simply coated with liquid, fast-wicking recycled cellulose actually soaks up the spill the moment it touches
- Three times more absorbent means you'll use less material on the spill, reducing your labor and disposal costs
- Silica-free composition is non-abrasive and does not pose the health hazards associated with breathing in clay dust
- Non-abrasive composition won't harm finished floors or damage expensive machinery
- Light-weight absorbent is easier than clay to carry and use without injury
- Absorbs and retains oils, coolants, solvents and water
- Bag features a built-in handle for easy portability, handling and dispersal
- Recycled cellulose is ideal when green products are desired or required
- Can be incinerated after use to reduce waste or for fuels blending

Specifications

Fluid Absorbed	Oils, Coolants, Solvents, Water – Universal
Color	Gray
Recycled Content	100% Mixture of Pre- and Post-Consumer Recycled Cellulose
Absorbency	Up to 8 gal. per bag
Unit Weight	22 lb.
Sold as	1 bag
Weight	22 lbs.
NSN (National Stock Number)	4235-01-436-8317
# per Pallet	54
Composition	Cellulose
Application	General Absorbent

Metric Equivalent

Absorbency

Up to 30.3 L per bag

Weight

10 kg

Technical Information

Technical Documents

PIG® LITE-DRI® Loose Absorbent

29 CFR 1910.22(a)(2)

Disclaimers

Corrosive Liquids Notice

Not recommended for acids, bases or other corrosive liquids.
