

PIG® Dri Loose Absorbent

PLP213-50 Absorbs Oils, Coolants, Solvents, Water – Universal, Absorbs up to 5 gal. per bag, 50 bags

This silica-free loose absorbent combines the heavier consistency of clay with high absorbency to pull industrial liquids from your floor. Also great for outdoor use because it doesn't blow around.

- Unlike clay, which is simply coated with liquid, fast-wicking cellulose-based kaolin granules begin to soak up liquid the moment they touch the spill
- 100% recycled content is a byproduct of the paper-making process, ideal when green products are desired or required
- Silica-free composition does not pose the health hazards associated with breathing in clay dust
- Light-weight absorbent is easier than clay to carry and use without injury
- Absorbs and retains oils, coolants, solvents and water
- Can be incinerated after use to reduce waste or for fuels blending

Specifications

Fluid Absorbed	Oils, Coolants, Solvents, Water – Universal
Color	Gray
Recycled Content	100% Post-Consumer Recycled Cellulose Waste
Absorbency	Up to 250 gal. per pallet
Absorbency per	Up to 5 gal. per bag
Unit Weight	40 lb.
Sold as	50 bags per pallet
Weight	2000 lbs.
Composition	60% Cellulose 40% Kaolin
Application	General Absorbent
UNSPSC	47131902
Pigalog® Page Number	<u>Page 40</u>

Metric Equivalent

Absorbency per	Up to 18.9 L per bag
Absorbency	Up to 946.3 L per pallet
Weight	907.2 kg
