HEALTH AND SAFETY POLICY STATEMENT

Health and Safety at Work etc Act 1974

Our policy, so far as is reasonably practicable, is to provide and maintain safe and healthy working conditions, equipment and systems of work for all our workers, and to provide such information, training and supervision as they need for this purpose.

We will also endeavour to ensure, so far as is reasonably practicable, the health, safety and welfare of all contractors, visitors and members of the public who may visit the premises and any associated buildings.

The allocation of duties for safety matters and the particular arrangements that we will make to implement the policy are set out in the Health and Safety Policy.

The policy will be kept up to date, particularly in the light of any changes to our organisation and legislation. To ensure this, the policy and the way in which it has operated will be reviewed annually and the appropriate changes made.

In order to ensure that health and safety matters are kept constantly under review, an item on health and safety will be on the agenda for all relevant meetings, and workers will be consulted on a regular basis in order to seek their views on health and safety matters.

This Policy Statement will be reviewed annually by the Board.
