UNDERSTATED - A modern style that won't dominate and suits any style of room.

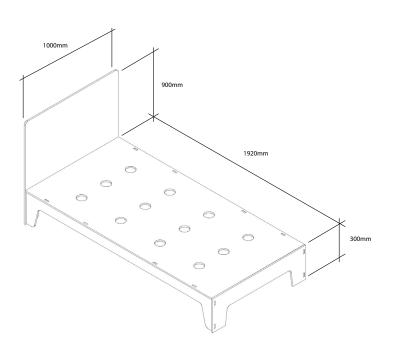

LOW HEIGHT - A small visual footprint is perfect for small spaces. The lower height also gives you peace of mind when your child is little and learning to climb in and out on their own.

A D A P T A B L E $\,$ - Suitable for toddlers who have outgrown their cot and for older children.

STRONG AND STURDY – European pressed birch features a uniform grain and, most importantly, has fantastic durability and stability properties. This allows for a truly unique light, yet strong framework.

EASY TO ASSEMBLE - No tools needed except for a hammer.

SAFE AND SUSTAINABLE - Made from sustainably forested European birch and non-toxic finishes. No MDF used.
