

Ring Sizing Guide

Before you print

- Before printing this ring sizing guide, make sure that page scaling is set to 100% in your printer settings area.
- If the measurement isn't accurate, please review your print settings again. Be sure you are printing 100% scale.

Place a ring that fits you on the circles below. For proper fit, make sure that the black circle is completely visible within your ring, that will be your ring size. To double-check, place your ring on the next largest size. You should not be able to see the entire black circle.

If you are between sizes, we recommend sizing up to the nearest full size. For example, if you are a 7.5, size up to an 8.
