

# MCSK Crane Scale Kit

Load cell cable 6m long

This kit is suitable for measuring in tension and compression (push and pull) .

The MI104 will indicate the load from –full capacity (compression) to +full capacity (tension).

The kit is shipped with Rod end bearings to match the load cell thread. (Eye bolts also available).

For complete specification of load cell and indicator , visit:

<http://www.meltrons.com/product-manuals/MI104.pdf>

<http://www.meltrons.com/product-manuals/MT501.pdf>

<https://www.meltrons.com/products/mt501h-load-cell>

MI104 Indicator has Peak Hold facility and RS232 computer port, making it ideal for many engineering applications.

PC based Data Acquisition software is available , with a 10 day free trial period.

Model	Capacity	Division	Load cells	Rod End Thread
MCSK20	20kg*0.010	0.01kg	MT501 20kg	M8
MCSK50	50kg*0.02kg	0.02kg	MT501 50kg	M8
MCSK100	100kg*0.05kg	0.05kg	MT501 100kg	M8
MCSK250	250kg*0.1kg	0.1kg	MT501 250kg	M12
MCSK500	500kg*0.2kg	0.2kg	MT501 500kg	M12
MCSK1000	1000kg*0.5kg	0.5kg	MT501 1000kg	M12
MCSK3000	3000kg*1kg	1kg	MT501 3000kg	M20
MCSK5000	5000kg*2kg	2kg	MT501 5000kg	M20
MCSK7500	7500kg*2kg	2kg	MT501 7500kg	M24
MCSK15000	15000kg*5kg	5kg	MT501H 15000kg	M42
