

# MP-Platform Scale

## Trade Approved for New Zealand

Trade Approved versions of the MP series scales are floor standing platform scales. The indicator, mounted on a Stainless Steel pillar, has a large and easy to read 2" display. With capacities from 60kg to 300kg, these scales are designed to perform routine weighing operations with speed and precision.

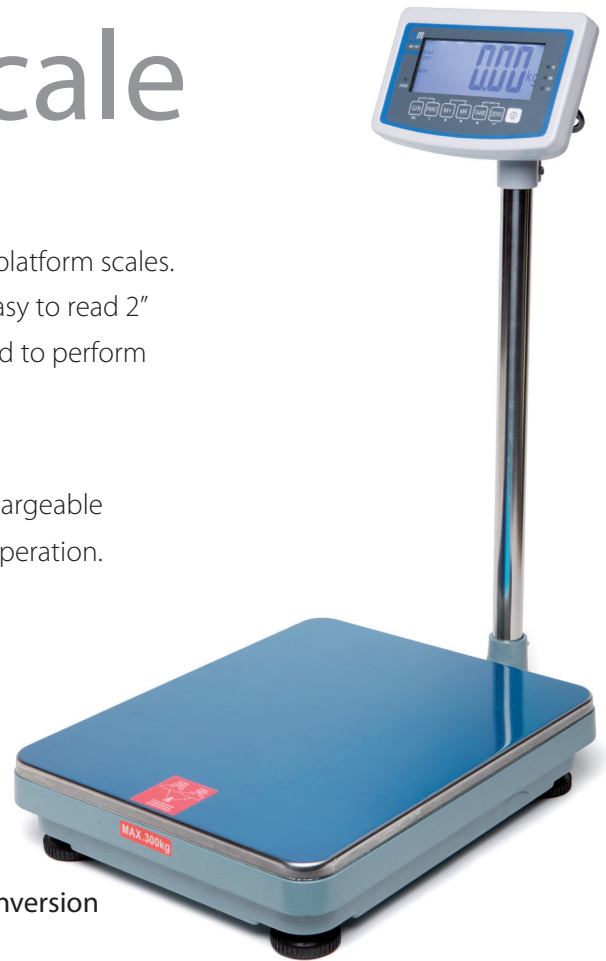

All MP series scales works either on mains power or on built-in rechargeable battery. The pillar-mounted indicator can be removed for remote operation.
