

MWB Weighbar

Meltron's farming and general purpose dual weigh bars are available in two capacities - 1000 and 2000kg. These scales, made in 2 different lengths (0.6m and 1m long), are ideal for veterinary and animal weighing. These can be easily handled, yet rugged in construction allowing for years of trouble free weighing in harsh conditions. Place the weighbars on any reasonably flat stable surface and you have a perfect transportable platform to go under crates, cages, bins, pallets etc

Features

- Capacities 1000kg, 2000kg
- Lengths: 0.6m, 1m
- Heavy Duty Construction
- Powder coated finish
- 4* 350ohm load cells
- Rectangular foot
- 4 m long wire mesh cables (weighbar to Indicator)
- Cable with removable plug for easy transportation
- MI102SS Stainless steel indicator having:
 - Internal rechargeable battery & AC power adapter
 - 2" big display
 - HI/LO limits with beeper
 - Animal weighing mode

Options:

- Indicator Stand
- RS232 on MI102SS Indicator
- Non standard lengths and capacities

Model	MWB06-1000	MWB06-2000	MWB10-1000	MWB10-2000
Capacity	1000kg	2000kg	1000kg	2000kg
Resolution	0.5kg	1kg	0.5kg	1kg
Length	0.6m	0.6m	1m	1m
Operating Temperature	-10 to 40C	-10 to 40C	-10 to 40C	-10 to 40C
