

TRUST

IS THE SECRET INGREDIENT IN ALL OUR TAPES.

We understand how important it is for you to completely trust any tape used in a print finishing job. The ultimate nightmare is a phone call after delivery to say the tape is not sticking properly. That is why we supply tapes that are designed to be trusted.

Guarantape is manufactured in world class production facilities with laboratory backup all the way from design to production quality control. So when you buy Guarantape from Presco you know it can be trusted to do what the description says. Read more about our story at presco.eu/tape.

Guarantape CUSTOMISED

Guarantape produces many other tapes, widths and roll lengths. Please contact us to discuss your specific requirements.

When you need tapes that can be trusted, we're here for you.

Guarantape ADHESIVE STRENGTH LEVELS

- 1 Non-permanent adhesive for use where a product or document will be removed in future.
- 2 Standard permanent adhesive for common paper-to-paper uses and uncoated materials.

Standard' level tape is the entry double sided tape for all simple paper to paper and light uncoated cardboard applications. With a strong permanent adhesive that is best when used with standard open-pore uncoated surfaces this tape is typically used with files and folders, for envelopes and low-stress uses where a regular fixing is needed.

Typical usage

- Uncoated paper to paper or card
- Litho printed paper and board
- Files and folders
- Lightweight envelopes
- Other low stress uses with firm uncoated surfaces

An aggressive adhesive double sided tape, giving a permanent bond for litho and most digital printed work, with uncoated or low-gloss coated materials. This is the tape of choice for many regular print finishing tasks, from constructing folders to fixing showcard struts and stock with a slightly loose surface that needs a higher initial tack. However, if you are working with laminates or heavy ink cover we would recommend looking at Ultra Stick tape.

Typical usage

- Folders or boxes using materials that have a firm uncoated surface
- Fixing showcard struts
- Stock with a slightly loose surface that needs a higher initial tack
- Semi-gloss coated papers

Ultra Stick is a superb acrylic tape for the most demanding applications and in varying temperatures. This is ideal for laminate to laminate and digital work. If you have tried other high tack double sided tapes and still want a product you can really trust, this is the very top double sided tape without going to our display and signmaking tapes.

Typical usage

- Laminate to laminate work
- Boxes or folders where folds are under stress
- Digital printed work
- Work subject to high or low temperatures

Guarantape ENDURANCE

ADHESIVE LEVEL 5
