

LZKD 3140

REAR MULTIFUNCTION DIRECTION INDICATOR

R10

Description	Key Product Features
Compact rear multifunction lamp LIZARD LZD 3140 , which combines innovative LED technology with modern design. Thanks to the use of 34 diodes, the lamp provides excellent visibility in all conditions, which makes it an ideal solution for various types of vehicles.	- The LZD 3140 multifunction lamp provides three light functions: position, braking and static direction indicator. Universal mounting side. The lamp can be mounted both vertically and horizontally, which allows for easy adjustment to various vehicle designs. - Supply voltage. The lamp operates in the voltage range of 12/24 V. - Wide operating temperature range from -30°C to +50°C. The lamp is resistant to various weather conditions, which ensures its reliability in extreme temperatures. High resistance. The lamp is fully hermetic (compliance with the degree of protection against moisture IP 68), resistant to high and low temperatures and mechanical damage. - The operation of the lamp is also guaranteed in a way that does not emit electromagnetic interference and is electromagnetic interference-resistant, which is confirmed by the EMC certificate. Wide range of applications. Perfect for specialized vehicles, semi-trailers, trailers, light electric vehicles, construction machinery and other commercial vehicles.

Light group	HOR 145A	LED quantity	34
Light category	multifunction rear	Supply voltage	12/24V
Brake light	yes	Rear position light	yes
Operating temp range	from -30°C to +50°C	Side	universal
Rear direction indicator	yes	LED light	yes
Ingress protection rating	IP68	Cable	4x0.5mm ² , cable length 1m
